

***A guide to  
buying IKEA  
appliances***

# APPLIANCES

---

All our appliances are developed to fit perfectly with our kitchens and your needs. Whether you prefer heating up food in the microwave oven or love spending hours in your kitchen cooking, this buying guide includes all the appliances you'll need to make your kitchen work like a charm for years to come.

### APPLIANCES YOU CAN RELY ON

We strive to create appliances that make your everyday life easier and help you live a more sustainable life at home. Packed with smart functions, they're built to stand up to everyday demands — now and for years to come. They are designed in every detail to enhance your chosen kitchen look and to match each other perfectly.

**5**  
Year Limited  
Warranty  
Included

Whatever your choice, you can be sure your appliance is made to last. Our appliance range comes with a free 5-year limited warranty (except LAGAN and TILLREDA). See page 58 for details.

## REFRIGERATORS

### Smart cooling. Less waste.

Efficient cooling is a cornerstone of a sustainable kitchen. The better your fridge and freezer work, the less food you will waste. Most of our refrigerators are ENERGY STAR® rated and packed with smart functions that will keep your food fresher, longer. For example: fan cooling which ensures an even and consistent temperature, fast freeze option that quickly freezes large amounts of food or ice makers which really come in handy when you're hosting a party. Choose from top mount, bottom mount/french door or maybe a compact refrigerator for a smaller or additional space in your home.

**5**  
Year Limited  
Warranty  
Included

Whatever your choice, you can be sure your appliance is made to last. Our appliance range comes with a free 5-year limited warranty (except LAGAN and TILLREDA). See page 58 for details.

**ELECTRONIC DISPLAY** It's easy to control functions and check or set temperatures and functions with our simple and intuitive electronic display panels.

**HUMIDITY CONTROLLED CRISPERS** You can preserve the freshness of fruits and vegetables by just adjusting the humidity scale. The integrated air purifying system will also help to reduce food odors.

**SPACIOUS STORAGE AND LEDS** Our refrigerators offer plenty of storage both in the fridge and the freezer drawer. Adjustable shelves, multiple crispers and built-in door shelving let you arrange your food just the way you like. And, with integrated LEDs that light up every corner, you'll be able to see (and find) everything you've packed in — even that jar of pickles in the back.

- Built-in water/ice maker in the door for ice cubes, crushed ice or cold water.
- The water filter produces clean water by filtering lead and sediment from your household water.
- No-frost function against ice and frost formation.
- Integrated LED light technology that illuminates every corner.
- Energy Star® Qualified.
- Free 5-year limited warranty included.

**Accessories included:**

Three tempered glass shelves and one on top of the crispers.  
Two transparent crispers.  
One extra large transparent crisper.  
One freezer drawer.  
One freezer basket.  
Water filter.

**Technical information:**

Voltage: 120V.  
Free-standing model.

W36×D28½×H69¾"

There are many ways to customize your refrigerator to make room for different types of food, containers and bottles. You can organize your refrigerator the way you want, since the crisper drawers can be placed either side-by-side or stacked on top of each other. The flip-up shelves make room for large or tall items. It's easy to store anything from platters and food containers to cold cuts and herbs, since the large cooler drawer extends completely.

## RANGES

Our freestanding ranges offer a convenient way for you to get a quality cooktop and oven combined (with all the functions too). Whether you choose an induction energy efficient range, electric range with ceramic cooktop or a gas range, it will fit perfectly between IKEA kitchen cabinets. And, you can opt for a convection oven — a good choice if you like to cook several dishes at once.

**GLASS CERAMIC COOKTOP** Provides even and effective heating through each cooking zone. The smooth surface is practical and easy to clean.

**LARGE OVEN** Our ranges boast large ovens and multiple levels so you can fit several dishes at once (or one big bird for those special occasions).

**5**  
Year Limited  
Warranty  
Included

Whatever your choice, you can be sure your appliance is made to last. Our appliance range comes with a free 5-year limited warranty (except LAGAN and TILLREDA, which have a free 2-year limited warranty). See page 58 for details.

**MADE TO FIT AND LOTS OF FUNCTIONS** All our ranges are made to slide-in perfectly between IKEA cabinets, which makes planning your kitchen that much easier. And, our ranges offer a variety of features, like convection oven function, custom broil and bake settings.

	Oven capacity	Cooking levels	Number of cooking zones	Thermal/ Convection oven	Self-clean/ Steam clean	Fuel source	Free limited warranty
<b>RANGES WITH CERAMIC COOKTOP</b>

<b>RANGES WITH GAS COOKTOP</b>							
LAGAN 304.583.56 White	 5.0 cu.ft.	5	4	Thermal	—	Gas	2 years
MOTSVARIG 704.620.40 Black stainless steel	 5.0 cu.ft.	6	5	Thermal	Self-clean	Gas	5 years
GRUNDLÄGGA 304.620.42 Stainless steel	 5.0 cu.ft.	6	4	True convection	Self-clean/ Steam clean	Gas	5 years

**EXTRA STORAGE SPACE** Convenient drawer for storing things like baking sheets, frying pans and lids.

**SAVE ENERGY** Induction cooktops are extremely energy efficient, fast and precise as induction technology transfers energy directly into magnetic cookware. And, it saves you money on your energy bill too.

### INNOVATIVE AND TIME SAVING SELF CLEANING FUNCTIONS FOR EASIER EVERYDAY COOKING.

**SELF CLEANING** The self-cleaning function makes it easier for you to clean the oven, as grease and food residue are burned to ashes and then easily brushed off.

**STEAM CLEAN** The steam clean function is innovative and energy efficient using water and low heat to release light grease and food residue. When the cycle is complete just easily wipe out the leftovers.

## ELECTRIC RANGE WITH CERAMIC COOKTOP

## OVENS

Our ovens are built-in, fitting perfectly in both base and high kitchen cabinets. You can place them exactly where you want them in your kitchen, making the most of your space and creating the perfect workflow for you.

They come with a wide range of smart functions ready to help with anything from a simple snack to a gourmet meal. If you're looking for advanced cooking or convenient self-cleaning programs, we've got you covered.

### Safety

Of course, quality and functions are top of mind when we design our ovens, but we think about safety too. They have quadruple-glazed doors so you can touch them at any temperature setting, and a child lock for the little ones.

**TRUE CONVECTION** A fan spreads preheated air evenly throughout the oven which means you can cook different dishes at the same time without sharing flavors.

**LARGE OVENS & MULTIPLE RACKS** The insides of our ovens have generous dimensions and several racks so you have enough space for lots of different dishes at once (or several trays of the same delicious treat).

**SELF CLEANING** The self-cleaning function makes your oven easy to clean—grease and food residue are burned to ashes that you can simply wipe away.

**CUSTOM BROIL AND GRILL** You can adjust the temperature of the broil and grill function, customizing it according to your cooking needs.

**5**  
Year Limited  
Warranty  
Included

Whatever your choice, you can be sure your appliance is made to last. Our appliance range comes with a free 5-year limited warranty (except LAGAN and TILLREDA). See page 58 for details.

## MICROWAVE OVENS

When the hustle of everyday life leaves you with the need for speed, a microwave oven is a choice in every way. Microwave ovens are quick, energy efficient and perfect for reheating and defrosting.

And with today's technology we've got models with extra cooking functions too. We also offer microwave ovens with extractor fans built-in, that you can place directly above your range or cooktop.

**5**  
Year Limited  
Warranty  
Included

Whatever your choice, you can be sure your appliance is made to last. Our appliance range comes with a free 5-year limited warranty (except LAGAN and TILLREDA). See page 58 for details

**SETUP TO WORK SMART** A combination of microwave oven and extractor fan, it's a smart use of space but also one way to create an ergonomic, organized and smooth work flow that's just right for you.

**BUILT-IN EXTRACTOR FAN** A microwave oven with extractor fan does more than just reheat and defrost — it keeps your kitchen free of grease and cooking odors.

**EASY TO USE** A space-saving combination with very practical and easy to use controls that let you operate the microwave and the extractor fan at the same time.

MICROWAVES WITH TRIM KIT FOR BUILT-IN SOLUTIONS

HUVUDSAKLIG

Microwave with trim kit

\$699

Stainless steel. 104.621.61/304.655.83

Key Features:

- Capacity: 2.2 cu.ft.
- With cook program specific times and cooking power have been preset for certain foods, so you can easily select suitable settings for the right type of food.
- You can reheat or defrost without affecting the nutrients or flavors of foods by just selecting the settings for specific food types.
- Make perfect popcorn or bake delicious potatoes using the special preset functions that will adapt the time and right temperature automatically.
- Electronic timer.
- The generous interior dimensions ensure you have plenty of room for your dishes.
- The multi-stage cook option allows you to program power levels and cooking times in advance. For example, to cook food at 80% power for three minutes and then 50% power for six minutes.
- The reheat function detects the increasing humidity released during the cooking process and automatically adjusts the cooking time to the type and amount of food.
- Keep warm setting keeps food warm until everything is ready.
- Free 5-year limited warranty included.

Technical Information:

Output power microwave: 1200W.  
Ten power levels.  
Voltage: 120V.  
Rotating turntable diameter 9.5".  
You can install the microwave in a high cabinet to get a comfortable working height and free up space on the countertop.  
Installation of microwave with trim kit requires NYTTIG support bracket and filler piece, sold separately.  
Installation shall be made by professionals in accordance with valid local safety regulations.

W24 3/8" x D19 1/8" x H13 3/8"

(Excluding trim kit)

## COOKTOPS

We have a variety of cooktops to choose from, so you can find the one that suits the way you cook. Each type — gas, glass ceramic and induction — has its own unique benefits and features. So, whether you're an ambitious home chef or more of a quick and low maintenance cook, we have a cooktop that's right for you. Check out the descriptions on the facing page for benefits of each type of cooktop we offer.

**GLASS CERAMIC** Practical and easy to clean, most of our glass ceramic cooktops have variable cooking zones that provide even and effective heating adapted to the shape and size of your cookware.

**GAS** The blue flames of gas cooktops are more than a professional-looking feature, they give you quick, responsive heat control, perfect for fast, fresh cooking.

**INDUCTION** Cooktops are extremely energy efficient, fast and precise as induction technology transfers energy directly into magnetic cookware. They are easy to clean as the induction surface generates heat only to your pan, not your cooktop. This means spills won't burn onto the surface as easily.

**5**  
Year Limited  
Warranty  
Included

Whatever your choice, you can be sure your appliance is made to last. Our appliance range comes with a free 5-year limited warranty (except LAGAN and TILLREDA). See page 58 for details.

## INDUCTION COOKTOPS

## SÄRKLASSIG

New

4-element induction cooktop

\$599

Black. 204.620.66

**Key Features:**

- 30" cooktop.
- Induction cooktops are extremely energy efficient, fast and precise as induction technology transfers energy directly into magnetic cookware.
- The power Booster feature delivers additional power to a single cooking zone, ideal for boiling water, stir frying food or searing meat.
- The touch and slide control panel allows you to regulate the heat easily and precisely.
- Auto-size detection in each zone automatically senses the size of your pan to only send heat to whatever small, medium or large pan you are using.
- The built-in cooktop timer lets you set the exact time you want items to cook.
- The lock function deactivates most of the controls on the cooktop to keep cooking zones from being changed by accident or to keep children from activating the cooktop.
- Easy to clean by just wiping with a damp cloth or sponge as spills from food or liquids do not burn on the surface.
- A heat indicator shows when the cooking zone has cooled so that you are not in danger of burning yourself.
- Free 5-year limited warranty included.

**Technical Information:**

2×1450W induction zones with booster; 2000W.

## RANGE HOODS

Not only does a range hood keep the kitchen free of steam, grease and cooking smells, it's also an important design element.

Whether you're looking for a ceiling-mounted range hood for over a kitchen island or a wall-mounted model, we've got you covered. Our hoods come in a range of extraction capacities, so you can be sure to get one with the right amount of muscle to keep your kitchen fresh.

**5**  
Year Limited  
Warranty  
Included

Whatever your choice, you can be sure your appliance is made to last. Our appliance range comes with a free 5-year limited warranty (except LAGAN and TILLREDA). See page 58 for details.

**WALL-MOUNTED** These hoods are design features, so we offer a variety of shapes and finishes. That way, you can find the right one to boost your kitchen's style.

**BUILT-IN** Hide your range hood with a built-in model. It's completely integrated with your kitchen cabinets so you get a streamlined and uniform look.

**STYLE AND SIZE** A range hood can make a big style statement, whether you pick one that's similar to your other appliances or go for something different to create a casual, eclectic look. Whatever you choose, be sure you get a hood that covers your cooking area (or even a little more) to ensure ideal performance.

## SOUND LEVELS

Sound levels for range hoods are measured in sones. Our appliances have been tested to determine and measure this. For range hoods the operating speed or installation type can influence sound levels. All our hoods are HVI (Home Ventilating Institute) certified to ensure that accurate and efficient ventilating standards are met. Compare and choose the hood that is suitable for your needs and comfort.

## DISHWASHERS

Using a dishwasher is more water and energy efficient than washing dishes by hand. And, with sterilizing functions, it's more hygienic too. We offer both built-in and fully-integrated models, but whichever you choose you'll get a tall interior space that'll fit oversized dishware and large loads.

All of our dishwashers are ENERGY STAR® rated and come with a free limited warranty.

**WATER EFFICIENT** Lots of dishes will be sparkling clean with just a small amount of water. Using your dishwasher is much more water efficient than washing dishes by hand.

**SMART SORTING** Our flatware baskets let you stand utensils up, ensuring they're thoroughly cleaned. Once the wash is done, they're easier to sort and put away too.

**BUILT-IN** Installation is easy with a built-in dishwasher. They're sized to slide right in under your countertop.

**INTEGRATED** Our fully-integrated dishwashers can hide behind a front that matches the rest of your kitchen doors, giving you a completely uniform look.

**5**  
Year Limited  
Warranty  
Included

Whatever your choice, you can be sure your appliance is made to last. Our appliance range comes with a free 5-year limited warranty (except LAGAN and TILLREDA). See page 58 for details.

## SOUND LEVELS

Sound levels for dishwashers are measured in decibels (dBA). Our appliances have been tested to determine and measure this. For dishwashers the operating program or installation type can influence sound levels. Decibel levels are listed in the product information. Compare decibel levels and choose the

dishwasher that's suitable for your needs and comfort. Look for the decibel (dBA) level of an appliance listed in the product information.

# LIMITED WARRANTY – TERMS AND CONDITIONS

## APPLIANCES

**5**  
Year Limited  
Warranty  
Included

### How long is the IKEA limited warranty valid?

This limited warranty is valid for five (5) years from the date of purchase. TILLREDA and LAGAN appliances have a two (2) year warranty, valid from the original date of purchase. When this major appliance is operated and maintained according to instructions for use attached to or furnished with the product.

This limited warranty is valid only in the United States and applies only when the major appliance is used in the country in which it was purchased. Outside the 50 states of the United States, this limited warranty does not apply.

Proof of original purchase date is required to obtain service under this limited warranty.

### What does this limited warranty cover?

The limited warranty will pay for factory specified parts and repair labor to correct defects in materials or workmanship that existed when the major appliance was purchased. The exceptions are specified under the headline "What is not covered under this limited warranty?".

### Which major appliances are not covered by the IKEA five (5) year limited warranty?

For major appliances named "TILLREDA" or "LAGAN", a limited warranty is valid for two (2) years from the date of purchase.

### What will be done to correct the problem?

The designated service company will examine the product and decide, at its sole discretion, if it is covered under this limited warranty. If considered covered, the designated service company will then repair the defect. Your sole and exclusive remedy under this limited warranty shall be product repair as provided herein.

Within the warranty period, the costs to remedy the fault, e.g., repairs, parts, labor and travel will be covered, provided that the appliance is accessible for repair without special expenditure.

### Who will execute the service?

The designated service company will provide the service through its own service operations or authorized service partner network.

### What is not covered under this limited warranty?

- Service calls to correct the installation of your major appliance, to instruct you on how to use your major appliance, to replace or repair house fuses, or to correct house wiring or plumbing.
- Service calls to repair or replace appliance light bulbs, air filters or water filters. Consumable parts are excluded from warranty coverage.
- Replacement parts or repair labor if this major appliance is used for other than normal, single-family household use or when it is used in a manner that is contrary to published user or operator instructions and/or installation instructions.
- Damage resulting from accident, alteration, misuse, abuse, fire, flood, acts of God, improper installation, installation not in accordance with electrical or plumbing codes, or use of consumables or cleaning products not approved for use.
- Cosmetic damage, including scratches, dents, chips or other damage to the finish of your major appliance, unless such damage results from defects in materials or workmanship and is reported within 30 days from the date of purchase.
- Any food loss due to refrigerator or freezer product failures.
- Pick up and delivery. This major appliance is intended to be repaired in your home.
- Repairs to parts or systems resulting from unauthorized modifications made to the appliance.

- Expenses for travel and transportation for product service if your major appliance is located in a remote area where service by an authorized servicer is not available.
- The removal and reinstallation of your major appliance if it is installed in an inaccessible location or is not installed in accordance with published installation instructions.
- Replacement parts or repair labor on major appliances with original model/serial numbers that have been removed, altered or cannot be easily determined. This warranty is void if the factory applied serial number has been altered or removed from your major appliance.
- The cost of repair or replacement under these excluded circumstances shall be borne by the customer.

### Disclaimer of Implied Warranties

IMPLIED WARRANTIES, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR IMPLIED WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED TO FIVE YEARS (TWO YEARS FOR MAJOR APPLIANCES NAMED "TILLREDA OR LAGAN") OR THE SHORTEST PERIOD ALLOWED BY LAW. Some states do not allow limitations on the duration of implied warranties of merchantability or fitness, so this limitation may not apply to you. This warranty gives you specific legal rights, and you also may have other rights that vary from state to state.

### Limitation of Remedies; Exclusion of Incidental and Consequential Damages

YOUR SOLE AND EXCLUSIVE REMEDY UNDER THIS LIMITED WARRANTY SHALL BE PRODUCT REPAIR AS PROVIDED HEREIN. THE DESIGNATED SERVICE COMPANY SHALL NOT BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES. Some states do not allow the exclusion or limitation of incidental or consequential damages, so these limitations and exclusions may not apply to you. This warranty gives you specific legal rights, and you also may have other rights that vary from state to state.

### Care instructions

All appliances are designed for residential/home use only.

To ensure maximum performance, read and follow the Instructions for use that accompany your new appliance. It is also important to follow the health and safety instructions, which, for instance, recommend that there are always two people to carry/ move heavy appliances.

Be sure there is a socket outlet near the appliance. Never use an extension cord.

We strongly recommend that you ensure correct and safe installation by hiring a professional plumber and/or electrician whenever relevant. If problems should arise due to incorrect installation, the limited warranty will not apply.

Respect the environment by disposing of the packaging properly. Keep packaging such as large plastic bags out of the reach of children.

Always keep your appliances clean. Use only those cleaning products recommended in the instructions for use. For example, never use abrasive scouring pads as they may scratch or damage surfaces.

Be sure to use products intended for use with your appliances. For example, be sure to use microwave safe porcelain, oven safe dishes, freezer safe food savers and pots and pans made of a suitable material.

Read more in the Instructions for Use that comes with the products.

### Ovens

- All ovens require a qualified installer.
- Before you use the oven for the first time, follow instructions to eliminate any odor and remove stickers, etc.
- For ordinary cleaning, use water and a mild detergent. Avoid abrasive cleaning products.
- Do not hang towels on the oven handle while the oven is in use.

### Cooktops

- All cooktops require a qualified installer.
- Use only non-abrasive cleaning products. Avoid scouring powder, steel wool, hard or sharp objects that can scratch the surface.
- For both gas and electric cooktops: save energy by using pots and pans with a base diameter equal to, or slightly larger than, the diameter of the burner.
- If you are using LPG bottled gas, you must replace the gas injectors with the available LPG gas kit.
- For gas cooktops: fit the rubber seal properly. It prevents water leakage, which may damage the countertop.
- For induction cooktops: use only pots and pans with a magnetic base for induction cooking.
- For glass ceramic cooktops: use only pots and pans with a flat base.
- For glass ceramic cooktops: always remove spills from sugar/milk/rice or pasta water, because they may cause opaque or matt stains on the surface.

### Hoods

- All hoods require a qualified installer.
- Install the hood in the way that suits your kitchen; either recirculating or extracting.
- Using extension tubes and flues reduces the hood's performance. The maximum length of a duct should not exceed 10 ft (3 m).
- Always observe the minimum safety distance between cooktop and hood. This distance varies depending on country and cooktop type. Refer to installation instructions of the product for full details.
- Change carbon filters every 3 months and clean metal grease filters regularly to optimize performance.
- Make sure to clean oil/grease off of the hood regularly.

### Microwave ovens

- All microwave ovens require a qualified installer.
- Do not put metal of any kind inside the oven.
- Use only those materials approved for microwave cooking.
- Be sure the ventilation vents are unobstructed.
- Do not remove or block the turntable when cooking in a microwave.

### Dishwashers

- All dishwashers require a qualified installer.
- Hire a professional to install the water and electricity.
- Set the correct level of water hardness (pH-value) in the rinse aid dispenser.
- Use detergent specifically developed for automatic dishwashers.
- For best results, make sure there is enough rinse aid and detergent and that they are placed in the correct dispensers.
- Empty and clean the filter regularly, if applicable.
- Always load sharp items, such as knives, pointing downwards in the removable cutlery basket for safety reasons. Don't load these in the dish compartment to avoid damaging the dishwasher.

### Fridge/freezers

- All fridge/freezers require a qualified installer.
- Be sure to place the fridge/freezer where there is sufficient air ventilation around it. A freestanding unit must never be placed inside kitchen cabinets because this obstructs air ventilation and may cause the product not to work properly and damage it.
- Keep the condensation drainage hole at the back of the fridge clean and free of blockages to enable the frost-free system to work.
- Make sure food has cooled down first before placing it in the fridge or freezer. Hot food causes excessive condensation and ice to build up in the freezer, resulting in reduced performance.
- Avoid using sharp tools to defrost your freezer – they can damage the internal plastic lining.

### How to reach us if you need our service

Please call the number given in the documentation that comes with the product. To make sure that we can give you the best assistance, please read the Instructions for Use carefully before contacting us. Please also have the IKEA article number for your appliance at hand before calling us. You'll find this 8 digit number on your receipt as well as on the rating plate of the appliance. Helpful information can also be found in the "troubleshooting" section of the use and care guide for each appliance.

# Services

## You can do it yourself, but you don't have to

Our broad services offered gives you the freedom to design your own price tag by choosing not only the products that suit your budget but also by deciding how much you want to do yourself and how much you want us to do for you. On this page you'll find the different services that we can offer to help and support you. For more details about our services, talk to a co-worker at your local IKEA store or visit us at [IKEA-USA.com/services](https://www.ikea.com/us/en/services)

### IKEA Projekt Credit Card

Now, you don't have to pay for IKEA product purchases all at once. This card has special financing options to make your dream more affordable.

Visit [IKEA-USA.com/creditcard](https://www.ikea.com/us/en/creditcard) or drop by your local IKEA store.

Promotional financing available with the IKEA Projekt credit card accounts offered by Comenity Capital Bank, which determines qualifications for credit and promotion eligibility. Minimum purchase and minimum monthly payments are required. See Store Associate for details. Subject to credit approval.

### DELIVERY SERVICE

Whether you're shopping in the store or online, and no matter how big the purchase, we can help do the heavy lifting and arrange delivery, by an Independent Service Provider, to your home or business. For more information about our services, visit [IKEA-USA.com/services](https://www.ikea.com/us/en/services)

### IKEA KITCHEN INSTALLATION SERVICE

Professional IKEA kitchen installation makes your dream kitchen come true. Check with your local store to see if installation is available in your area. You get a 5-year warranty on workmanship and installation. And your kitchen will be installed to the highest industry standards.

#### Kitchen installation includes:

- Assembling cabinets, drawers, doors, and interior fittings
- Installing IKEA cabinets, plinths, and side cover panels (excluding 26x36" and 36x96" panels)
- Adjusting all IKEA cabinet doors and drawer fronts for appearance
- Clean up of your kitchen job site, which includes:
  - Daily broom cleaning of job site
  - Vacuuming inside of cabinets, floors and other surfaces upon completion of installation
- Attaching IKEA knobs and/or handles to cabinet doors and drawers

### IKEA MEASUREMENT SERVICE

It's important to have your kitchen accurately measured before planning begins. An experienced IKEA Measurement Technician will come to your home, take all of the essential measurements, and enter the data in the IKEA Home Planner. Your Measurement Service fee is refunded when you have IKEA install your kitchen. Available for customers living within our service area.

### FREE KITCHEN PLANNING SERVICE

We offer two **no cost** options to have your kitchen professionally planned. You will receive a detailed layout of your kitchen including cabinets, appliances, and countertops, and a parts list to make it easy to order.

#### Most Convenient & available to everyone in the continental US: Planning from Your Home

Make a 90-minute appointment, online or in your local IKEA store. Allow time for you to measure your kitchen and select products before your appointment. A professional IKEA Kitchen Planner will work with you interactively online to plan your dream kitchen. You will be able to discuss every detail and view your plan being created. Your planner will follow-up with a second session to make any changes.

#### Visit an IKEA store:

**Planning from the Store** You can make an appointment online or at your local IKEA store for a two-hour in-store appointment with one of our professional IKEA Kitchen Planners. Allow time for measuring your kitchen and selecting products before your planning appointment.

# Steps to buying an IKEA® kitchen

IKEA kitchens are designed so you can install them yourself and below are some steps to ensure the process goes well for you. We also have tools and tips that'll help you design your dream kitchen. Our kitchen IKEA Home Planner is there to help online, and our experts at the store or on the phone will guide you each step of the way.

### GET INSPIRED

It's time to dream a little, look at some ideas, consider your needs and decide what an ideal kitchen means for you. This brochure is made to give you an overview of some of the possibilities but there is so much more. You can find more ideas and inspiration on our website ([IKEA-USA.com/kitchens](https://www.ikea.com/us/en/kitchens)) or by visiting your local IKEA store.

### PLAN

Planning your kitchen is when your dreams and ideas take shape. Use the online IKEA Home Planner tool to start planning your kitchen at [IKEA-USA.com/kitchenplanner](https://www.ikea.com/us/en/kitchenplanner). Or, if you would like some advice we have kitchen planners ready in the store to help.

- ▶ **We can do it for you**  
To learn more about our Kitchen planning services, view opposite page.

### MEASURE

Measuring your kitchen isn't hard to do, but it's important you get it right because your measurements will be the basis for all your planning. To see exactly what to measure, pick up a copy of the Kitchen planning guide, *Your new IKEA kitchen*, at your local IKEA store or go to [IKEA-USA.com/buyingguide](https://www.ikea.com/us/en/buyingguide)

- ▶ **We can do it for you**  
Need some help? Find out about our Measuring Service at [IKEA-USA.com/kitchenservices](https://www.ikea.com/us/en/kitchenservices)

### ORDER

When you're satisfied with your planning, drop by your local store to visit our kitchen experts. They will go over your kitchen plan with you, and help you with anything you're not sure about. When you're ready you can order and we can help arrange delivery and other services too. Delivery and in-home services are provided by an Independent Service Provider.

Need some help? Find out more about how to order your kitchen at [IKEA-USA.com/kitchens](https://www.ikea.com/us/en/kitchens)

#### Planning guide

Our planning guide is your guide to measuring, ordering and installing your new IKEA kitchen. Pick it up at your local IKEA store or check it out at [IKEA-USA.com/buyingguide](https://www.ikea.com/us/en/buyingguide)

### GET TO KNOW OUR PRODUCTS

Our two Buying Guides will help you get to know our products. They will give you detailed information about our kitchen range and all the things you need to create your dream kitchen. Pick up a copy at your local IKEA store or download a copy online at [IKEA-USA.com/buyingguide](https://www.ikea.com/us/en/buyingguide)

### INSTALL

IKEA kitchens are designed to be installed by you, but we're here to offer as much help as you feel you need. You can start by picking up the Installation guide from the store which gives step-by-step instructions on installing your kitchen. Or check out the different installation services we offer.

Need some help? Find out about our Installation Services at [IKEA-USA.com/kitchenservices](https://www.ikea.com/us/en/kitchenservices)

#### Installation guide

Our kitchen installation guide gives you tips and helpful information on how to install your new IKEA kitchen correctly. You'll find it at your local IKEA store and at [IKEA-USA.com/buyingguide](https://www.ikea.com/us/en/buyingguide)

## Energy efficient and smart features.

There is no need to waste more energy and space inside your refrigerator with water or ice containers. Thanks to the door integrated water dispenser and ice maker you get easy access to cold filtered water, ice or crushed ice any time you want.

## Save water the easy way.

You save a lot with a dishwasher. It cuts your water use by hundreds of gallons per year compared to washing by hand under running water. Saving water means saving energy to heat the water, too. You save money on bills and live a more sustainable life.

# NEED HELP?

You can contact us in different ways:

### IN PERSON

You can always find knowledgeable staff in our stores, ready to help whenever you need it.

### EMAIL

You can send us a message via the online form at [IKEA-USA.com/contactus](https://www.IKEA-USA.com/contactus)

### FAQ

Find answers to some of the most commonly asked questions at [IKEA-USA.com/FAQ](https://www.IKEA-USA.com/FAQ)

### SERVICES

Learn about available services at [IKEA-USA.com/services](https://www.IKEA-USA.com/services)

### Special Information

This buying guide has been prepared by IKEA to better assist customers when purchasing products. Sources of supply and specifications are subject to change. Every reasonable effort will be made to ensure that all advertised merchandise is available in adequate supply. A high standard of accuracy has been sought in the preparation of this buying guide. Errors and omissions are always a possibility. Although IKEA cannot be held responsible, upon discovery of any error or omission, all reasonable steps will be taken to inform IKEA customers.

### Country of origin

For all our products, we choose specialized manufacturers who can produce our components at the lowest price. A single item may consist of several components from different countries. Country of origin information is available on each component when you pick it up.

### Stock Availability

Not all products may be available in all stores. See what is available in your local store by visiting [IKEA-USA.com](https://www.IKEA-USA.com)

Prices valid as of December 1, 2020 posting. Prices are subject to change. Please see [IKEA-USA.com](https://www.IKEA-USA.com) or your local IKEA store for the most up-to-date pricing.
