BRONCO® RIDES AGAIN

THE RETURN OF AN ALL-NEW FAMILY OF BUILT WILD™ VEHICLES

Built Wild: The iconic Bronco family is making a bold comeback with an all-new stable of capable, confident 4x4 vehicles for the 2021 model year: Bronco Sport, Bronco 2-door and the first-ever Bronco 4-door.

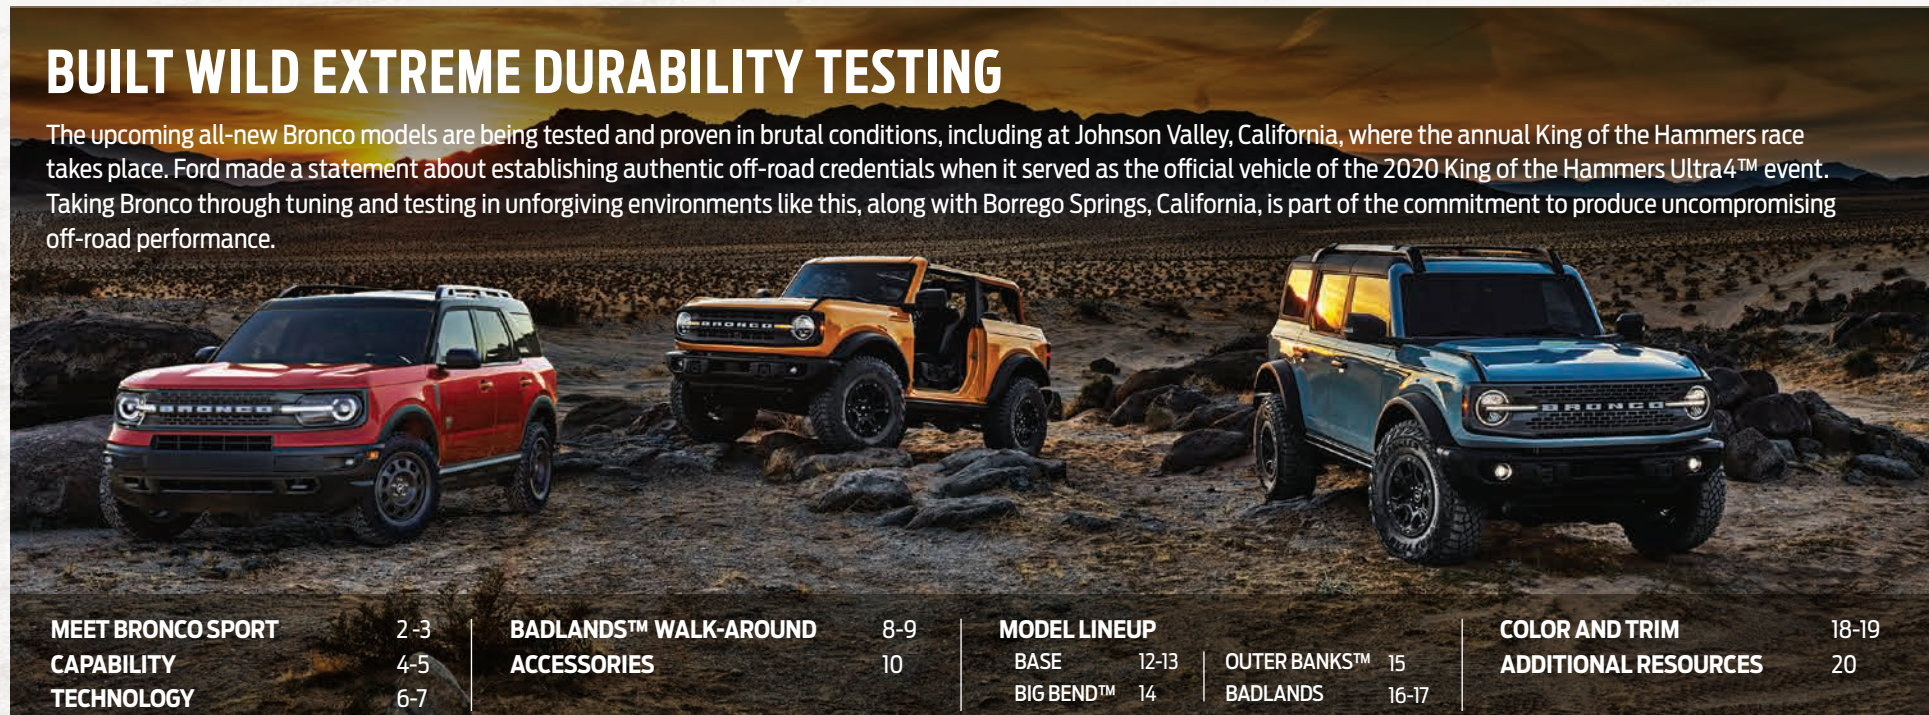

Thrilling: The best news for the Bronco Nation of enthusiasts is no matter which Bronco model they choose, it will deliver rugged, modern design, durability and agility to transport them to weekend getaways and adventures. Each vehicle is packed with the unmistakable Bronco heritage, which was defined 55 years ago with its 4x4 trail capability, off-road racing success and association with outdoor lifestyles.

Ready for Fun: First Bronco out of the chute is the all-new 2021 Bronco Sport, the small SUV offering innovative features designed around customers with active outdoor lifestyles. Key features include standard 4x4 capability, Terrain Management System with G.O.A.T. Modes™ (Goes Over Any Type of Terrain), adjustable flood lights in the rear, safari-style roof, a liftgate with flip-up glass for added convenience and interior seat backs with zippered pockets and MOLLE straps to secure gear.

Personalize It: Bronco customers will have plenty of features that add style and functionality to their vehicles. Bronco Sport will offer more than 100 factory-backed available aftermarket accessories — and they can add them at the time of purchase.

BUILT WILD EXTREME DURABILITY TESTING

The upcoming all-new Bronco models are being tested and proven in brutal conditions, including at Johnson Valley, California, where the annual King of the Hammers race takes place. Ford made a statement about establishing authentic off-road credentials when it served as the official vehicle of the 2020 King of the Hammers Ultra4™ event. Taking Bronco through tuning and testing in unforgiving environments like this, along with Borrego Springs, California, is part of the commitment to produce uncompromising off-road performance.

MEET BRONCO SPORT

When we say the all-new 2021 Bronco Sport has Built Wild design, it means this vehicle is engineered with the capability, extreme durability testing and innovative design features customers need to take on the trails less traveled and seek adventure.

Load the weekend getaway gear in the purposefully designed rear cargo area, venture out with as many as five people, and maybe throw a couple of kayaks on the roof.⁽¹⁾ Equipped with the standard 4x4 system, or Advanced 4x4 System with Off-Road Suspension in the Badlands, Bronco Sport will go places where recreation begins.

BRONCO SPORT HIGHLIGHTS

Confidence

- Single-clutch 4x4 system standard on Bronco Sport Base, Big Bend and Outer Banks models
- Advanced 4X4 System with twin-clutch rear drive unit standard on Badlands models
- Rear Differential Lock feature
- Terrain Management System with G.O.A.T. Modes (Goes Over Any Type of Terrain) — five modes on every Bronco Sport, plus Mud/Ruts and Rock Crawl modes with Badlands
- Trail Control™ on Badlands helps the driver maneuver off-road terrain
- 180-Degree Off-Road Camera with split-view display turns on automatically in the off-road G.O.A.T. Modes

(1) Cargo and load capacity limited by weight and weight distribution. Maximum dynamic roof-load weight rating is 150 lbs. (standard roof) or 100 lbs. (power moonroof), evenly distributed over the available crossbars.

(2) Items attached to MOLLE straps should not exceed 5 lbs.

Off-Roading Essentials

- Bash plates for underbody protection (Badlands)
 - Front
 - Left-hand (driver side) rocker shield
 - Front center deflector
 - Fuel tank
- Front tow hooks designed for static loads of up to 125% of the vehicle gross weight (Badlands)
- 100+ factory-backed accessories available

Adventure-Ready

- 6.5" digital instrument cluster screen (Badlands)
- Carabiner hooks as tie-downs in cargo area
- Cargo Management System with five positions, including a pull-out table
- Flip-up glass in rear liftgate
- Two 110-volt/400-watt AC power outlets (Badlands)
- Wipe-clean rubberized floor and cargo area (Badlands)

Strictly Bronco

- Adjustable swivel-mounted flood lights on the liftgate can illuminate up to 129 sq. ft.
- Bottle opener located in hatch
- Dual grab handles double as hanging points to dry out wet gear
- Front seat backs include zippered pockets and MOLLE (Modular Lightweight Load-Carrying Equipment) straps for securing gear⁽²⁾
- Wipe-clean under-seat storage under second-row passenger seat cushion

Exclusive First Edition

Ford has pledged to build a limited-production run of 2,000 First Edition models. It starts with Badlands trim and has exclusive design signatures inside and out.

The 2021 Bronco Sport First Edition makes a styling statement with a Shadow Black-painted roof, "BRONCO" black lettering on the grille, black hood and side decals, and available 17" Ebony Black-painted aluminum wheels. Other select features include a B&O Sound System by Bang & Olufsen, leather-wrapped steering wheel and leather-trimmed sport contour seats — all designed to make off-road adventures a little more comfortable. See page 17 for full list of First Edition content.

BANG & OLUFSEN® 2020 and B&O® 2020. BANG & OLUFSEN™ and B&O™ are registered trademarks of Bang & Olufsen Group. Licensed by Harman Becker Automotive Systems Manufacturing Kft. All rights reserved.

NOTE: See pages 11 through 17 for specific feature availability.

CAPABILITY MEETS CONFIDENCE

Bronco[®] plays by its own rules by offering a family of SUVs with standard 4x4 capability. The all-new 2021 Bronco Sport offers off-road capability and agility customers expect from an SUV with this DNA. Bronco Sport features a 4x4 drivetrain on every model, the Terrain Management System with G.O.A.T Modes™ (Goes Over Any Type of Terrain), plus an Off-Road Suspension on the Badlands™ model to meet the demands of the ultimate off-road enthusiast.

ENGINE	HORSEPOWER (@ rpm) ⁽¹⁾	TORQUE (lb.-ft. @ rpm) ⁽¹⁾	TRANSMISSION	G.O.A.T. MODES
1.5L EcoBoost [®] I-3 with Auto Start-Stop Technology	181 @ 6,000	190 @ 3,000	8-speed automatic	5
2.0L EcoBoost I-4 with Auto Start-Stop Technology	250 @ 5,500	277 @ 3,000	8-speed automatic w/ SelectShift [®]	7

(1) Horsepower and torque ratings based on premium fuel per SAE J1349[®] standard. Your results may vary.

Note: Horsepower, torque and towing ratings are independent attributes and may not be achieved simultaneously.

G.O.A.T. Modes and 4x4 Systems

Bronco Sport provides Selectable Drive Modes with either 4x4 system to help empower drivers to tackle any terrain with confidence. With the following tools, Bronco Sport offers control and maneuverability on the trails to enable the off-road novice to have as much fun as the experts.

• Terrain Management System with five G.O.A.T. Modes on every Bronco Sport model:

- Normal
- Eco
- Sport
- Slippery
- Sand

- Two additional G.O.A.T. Modes on Badlands: Mud/Ruts and Rock Crawl
- Single-clutch 4x4 system standard on Base, Big Bend™ and Outer Banks™ models
 - Can transfer up to 100 percent of available torque to the rear wheels
 - Operates automatically – no need for driver interaction

- Twin-clutch 4x4 rear drive unit with electronically controlled on-demand torque delivery (Badlands)
 - 4x4 Lock helps increase four-wheel drive performance by preventing the front and rear axles from disconnecting
 - Rear Differential Lock feature takes advantage of the twin-clutch hardware to allow greater off-road performance, similar to a traditional mechanical locker

NOTE: Try to avoid water higher than the bottom of the hubs and proceed slowly. Refer to your owner's manual for detailed information regarding driving through water.

NOTE: See pages 11 through 17 for specific feature availability.

Tow It Along

Because customers may want to tow their gear to their getaways, Bronco Sport offers trailering options. The Class II Trailer Tow Package is available with Big Bend, Outer Banks and Badlands, and standard on First Edition (Badlands 410A). The package includes trailer sway control.

ENGINE	1.5L ECOBOOST I-3	2.0L ECOBOOST I-4
Towing capacity with Class II Trailer Tow Package (lbs.)	2,000	2,200

Off-Roading Specs

Bronco Sport is meant to maneuver and explore the rough environments where only a 4x4-equipped, made-for-trails vehicle will go. Its dimensions bear the proof.

	BADLANDS	FIRST EDITION
Water Fording	23.6" ⁽¹⁾	23.6"
Ground Clearance	8.6"	8.8"
Approach Angle	30.0°	30.4°
Breakover Angle	20.1°	20.4°
Departure Angle	32.8°	27.1°

Off-Roading Features

- 600-lb. roof capacity, when parked, allows for rooftop tent while camping
 - 150-lb. roof capacity while driving⁽²⁾
- Standard 28.5" and available 29" overall diameter all-terrain tires

(1) With optional off-road tires

(2) Cargo and load capacity limited by weight and weight distribution. Maximum dynamic roof-load weight rating is 150 lbs. (standard roof) or 100 lbs. (power moonroof), evenly distributed over the available crossbars.

Badlands — our Pinnacle of Off-Road Capability

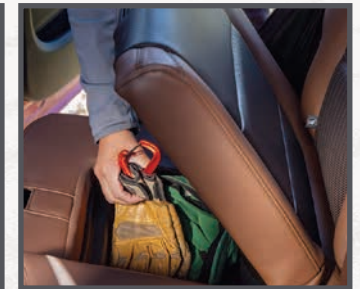

Badlands is designed for customers seeking ultimate off-road performance. It starts with the 2.0L EcoBoost® I-4, which supplies the muscle drivers need, enhanced by a specially tuned Off-Road Suspension, for high-speed runs in wide-open environments. Badlands features a specific grille appearance and roof-rack side rails with a Shadow Black-painted roof. See pages 16 and 17 for all the Badlands features.

More Prepared than a Boy Scout

Bronco Sport has an interior that would make a multi-tool jealous. With features that cater to an active lifestyle and ways to organize and store gear, the Bronco Sport interior is purpose-built for adventure. Available features include:

- 110-volt/150-watt AC power outlet
- 110-volt/400-watt AC power outlets (two in Badlands)
- Bottle opener located in hatch
- Carabiner hooks (4) in the rear cargo area
- Flip-up glass on the liftgate to access the cargo area
- Liftgate area with swivel-mounted flood lights to illuminate the area behind the vehicle
- MOLLE straps⁽¹⁾
- Five-position Cargo Management System that includes a slide-out table
- Wipe-clean floor and cargo area
- Wipe-clean storage bin under the passenger-side second-row seat cushion

Out of Sight, Top of Mind

Customers can leave their Bronco Sport to go on a hike or mountain bike ride and feel confident that valuable gear inside the vehicle will be safe from prying eyes. Bronco Sport provides cleverly concealed spaces for storage:

- Zippered pockets on the driver and front-passenger seat backs
- Underfloor storage
- Under the shelf of the Cargo Management System
- Under the passenger-side second-row seat cushion

⁽¹⁾ Items attached to MOLLE straps should not exceed 5 lbs.

NOTE: See pages 11 through 17 for specific feature availability.

TECHNOLOGY

Whether Bronco® Sport customers are navigating to work or through the woods, they can feel confident that technology is always onboard to improve their experience. Here's an overview of the features:

FORD CO-PILOT360™ TECHNOLOGY

Ford Co-Pilot360

Standard on all trim levels

- Auto High Beams
- BLIS® (Blind Spot Information System) with Cross-Traffic Alert
- Lane-Keeping System (Lane-Keeping Aid, Lane-Keeping Alert and Driver Alert System)
- Pre-Collision Assist with Automatic Emergency Braking (AEB), Pedestrian Detection and Forward Collision Warning with Dynamic Brake Support
- Post-Collision Braking

Ford Co-Pilot360 Assist+

Available on Big Bend™, Outer Banks™ and Badlands™

- Adaptive Cruise Control with Stop-and-Go and Lane Centering
- Evasive Steering Assist
- Voice-Activated Touchscreen Navigation System
- Outer Banks and Badlands models add Speed Sign Recognition

NOTE: Adaptive Cruise Control with Speed Sign Recognition = Intelligent Adaptive Cruise Control.

NOTE: Reverse Sensing System, rain-sensing windshield wipers and Remote Start System are standard on Outer Banks.

Ford Co-Pilot360 Assist+

Pre-Collision Assist with AEB and Pedestrian Detection

Evasive Steering Assist

Trail Control™

Technology helps improve the off-road prowess of Bronco Sport drivers too, and Trail Control is a key enabler in low-speed situations. Badlands models include Trail Control, which is like a cruise control system tailored to off-road driving. The driver sets the vehicle speed from 1–20 mph in 1-mph increments when moving forward, or 1–6 mph in reverse, allowing the driver to focus on steering.

KEY BENEFIT: Trail Control manages acceleration and braking in difficult off-road environments, which removes the need for “two-footed” driving while off-road.

180-Degree Off-Road Camera

The 180-Degree Off-Road Camera with split-view display and washer gives a more comprehensive picture of the terrain in front of Bronco Sport Badlands. It operates at speeds below 15 mph and automatically activates when the driver switches to the Mud/Ruts or Rock Crawl mode. The driver can turn on the camera manually in other modes.

Connectivity

SYNC® 3

All Bronco Sport models provide SYNC 3 with the following features:

- 8" color LCD center-stack touchscreen
- AppLink®
- 911 Assist®
- Apple CarPlay® and Android Auto™ compatibility
- USB ports for both A- and C-type connectors

FORDPASS™ CONNECT

The embedded 4G LTE Wi-Fi hotspot allows subscribers to connect up to 10 mobile devices. FordPass Connect also allows customers to remote start, lock or unlock the vehicle, locate the vehicle and check statuses such as fuel level by using the FordPass™ App.⁽¹⁾

Lighting the Way

Bronco Sport offers multiple lighting features inside and out because customers will be going to places with no streetlights to be seen. The following features are standard on Base unless otherwise noted:

EXTERIOR HIGHLIGHTS

- Adjustable swivel-mounted flood lights on the liftgate
- LED headlamps
- LED taillamps
- LED fog lamps (Big Bend, Outer Banks and Badlands)
- LED headlamps with LED signature lighting (Outer Banks and Badlands)

INTERIOR HIGHLIGHTS

- Front and rear map lights
- Illuminated entry system with courtesy lamp delay
- Rear cargo area light
- Ambient lighting (Outer Banks)

(1) FordPass Connect and complimentary Connected Service are required for remote features (see FordPass Terms for details). Connected service and features depend on compatible AT&T network availability. Evolving technology/cellular networks/vehicle capability may limit functionality and prevent operation of connected features. Connected service excludes Wi-Fi hotspot. Don't drive distracted or while using handheld devices. Use voice controls.

NOTE: Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. It does not replace safe driving.

NOTE: iPhone and Apple CarPlay are trademarks of Apple, Inc. registered in the U.S. and other countries.

NOTE: Android Auto and Google Maps are trademarks of Google Inc.

NOTE: See pages 11 through 17 for specific feature availability.

UNMISTAKABLY BRONCO

While many vehicles claim to have unique attributes, Bronco® Sport backs it up with innovative purpose-built design benefits from front to rear. The Badlands™ model below shows key features you could highlight in a walk-around.

ADJUSTABLE SWIVEL-MOUNTED FLOOD LIGHTS IN REAR LIFTGATE AREA

DUAL PULL-DOWN LIFTGATE GRAB HANDLES

FLIP-UP GLASS IN LIFTGATE

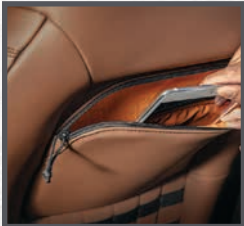

CARABINER HOOKS INSIDE FOR SECURING CARGO

ZIPPERED POCKETS AND MOLLE STRAPS ON FRONT SEAT BACKS⁽¹⁾

BOTTLE OPENER LOCATED IN HATCH

⁽¹⁾ Items attached to MOLLE straps should not exceed 5 lbs.

FIVE-POSITION CARGO MANAGEMENT SYSTEM

SAFARI-STYLE ROOF

ADVANCED 4X4 SYSTEM TRANSFERS TORQUE FROM FRONT TO BACK AND FROM SIDE TO SIDE

8.8" GROUND CLEARANCE (Badlands with optional 29" off-road tires and First Edition)

ROOF-RACK SIDE RAILS

UP TO 23.6" WATER-FORDING ABILITY
(Badlands with optional 29" off-road
tires and First Edition)

LED HEADLAMPS ARE ROUND LIKE ORIGINAL BRONCO

FRONT 180-DEGREE OFF-ROAD CAMERA WITH WASHER

SHORT FRONT OVERHANG WITH UP TO 30.4° APPROACH
ANGLE (Badlands with optional 29" off-road
tires and First Edition)

TERRAIN MANAGEMENT SYSTEM WITH G.O.A.T. MODES™,
WITH UP TO SEVEN MODES

BASH PLATES FOR UNDERBODY PROTECTION (four)

AVAILABLE ALL-TERRAIN TIRES

NOTE: Try to avoid water higher than the bottom of the
hubs and proceed slowly. Refer to your owner's manual for
detailed information regarding driving through water.

NOTE: See pages 11 through 17 for specific feature availability.

BRONCO® SPORT ACCESSORIES

Customers can take their Bronco Sport to the next level with personalization and equipment for outdoor adventures with more than 100 available factory-backed Ford Accessories and approved aftermarket accessories, which can be ordered with the vehicle. Some accessories will be late availability.

- Roof-mounted 40" LED auxiliary light bar

- Shade awning, roof-mounted by Yakima
- Yakima roof crossbars
- All-weather floor mats

NOTE: See pages 11 through 17 for specific feature availability.

BRONCO SPORT MODEL LINEUP

With a family of vehicles dedicated to the outdoor experience, Bronco trim levels will be offered in distinctive names that reflect the Built Wild nature of the lineup. Bronco Sport is available in the following four series — all with standard 4x4 and tailored to meet a customer's specific needs.

BASE

Purpose-built from the start, the Base series is packed with essentials customers need for the outdoors. This model includes a 1.5L turbocharged EcoBoost® engine with 8-speed automatic transmission, 17" aluminum wheels, Terrain Management System with five G.O.A.T. Modes™, LED headlamps and more.

BIG BEND™

Equipped for customers who love to challenge themselves and need Bronco Sport to take them — at a moment's notice — to where their adventure begins. Big Bend adds fog lamps, a rubberized cargo floor with rubberized rear seat back protectors, easy-to-clean cloth seats, zippered front seat back pockets with MOLLE strap system and more.

OUTER BANKS™

For customers who want capability with more style and refinement, Outer Banks includes 18" machined-face aluminum Ebony Black-painted wheels, black grille with white "BRONCO" lettering, LED headlamps with LED signature lighting, Shadow Black-painted roof, leather-trimmed seats in Ebony and Roast or Navy Pier and more.

BADLANDS™

The Badlands series is the pinnacle of off-road performance, equipped for rugged terrain and off-road excitement, with optional 235/65R17 all-terrain off-road tires for additional ground clearance, larger diameter off-road shocks, Advanced 4x4 System and more.

NOTE: See latest Bronco Sport Dealer Ordering Guide for the most up-to-date feature availability.

FIRST EDITION

Ford has pledged to build a limited-production run of 2,000 First Edition models, which will have exclusive design signatures inside and out. It starts with all the Badlands content and has the Navy Pier interior of the Outer Banks series. See page 17 for more details.

BRONCO[®] SPORT MODEL LINEUP

PRIDE OF A NATION

Customers can connect with other Bronco faithful on the Bronco Nation™ enthusiast site at thebronconation.com

There, they'll find the owner community dedicated to upholding the Bronco off-road legacy and blazing trails for the next generation of fans. The latest news, forums and Bronco gear will be featured on the website. Plus, owners will find links to Bronco-specific Facebook, YouTube and Instagram pages.

BRONCO OFF-ROADEO™ ADVENTURE

The Bronco brand comes to life at the Off-Roaddeo. This off-roading and outdoor adventure playground includes experiences designed to build confidence for all skill levels and inspire Badlands owners to continue exploring the outdoors for years to come. The event is tentatively scheduled to begin in the second quarter of 2021 in four possible locations: Texas, Utah, Nevada and Vermont. For more details, go to broncooffroadeo.com.
