Reason for sending in unit:

NOTE:

Testo is not responsible for personal items that are sent with instruments. Instruments left at Testo for more than 30 days without a quote approval or without proper paperwork will be returned in their original condition to the owner/distributor and incur the minimum labor charge and/or reexamination fee and all subsequent shipping charges. In the event the equipment is left at Testo for over 90 days, Testo reserves the right to dispose of the equipment. Testo is not responsible for typos or misinformation.
