

END USER LICENSE AGREEMENT

This License Agreement (“Agreement”) is a legal agreement between you and Honeywell International Inc. (“Licensor”) regarding the associated software (“Software”), which may include software owned by Honeywell and software licensed by Honeywell from its software suppliers (“Suppliers”).

The Agreement also applies to any updates, upgrades, revisions, patches, bug fixes, new versions, supplements, and other modifications to, as well as Internet-based services and support services for, this software, unless other terms accompany those items. If so, those terms apply.

By installing, activating, or using the Software, you agree to be bound by the terms and conditions of this Agreement. If you do not agree to be so bound, you may not install the Software or, if the Software is already installed, you must promptly remove it. The Software and any accompanying materials (including, without limitation, any images, photographs, animations, video, audio, music, text, and applets incorporated into the Software, the accompanying media, and printed materials) are owned by Licensor and its Suppliers and protected under U.S. and international copyright laws, and may be protected under additional intellectual property laws. The Software is licensed, not sold, and Licensor and its Suppliers retain all right, title, and interest therein other than those rights specifically granted to you under this Agreement. You accept responsibility for selection of the Software to achieve your intended results, and for installation, activation, use of, and results obtained from, the Software.

LICENSE: Licensor hereby grants you a non-exclusive License to use this Software, without right of sub-license, only in object or executable code form. The Software may be included in a software package intended for installation in devices both of Licensor and one or more other manufacturers, but may only be run in, or for use with, Licensor’s products (“Products”). You may not rent, lease, or lend the Software. You may permanently transfer rights under this Agreement only as part of a permanent sale or transfer of the Products, and only if the recipient accepts this Agreement. If the Software is an upgrade, any transfer must also include all prior versions of the Software. You agree that the Software and any additional materials specific to the Software provided under this Agreement are and shall at all times remain the sole and exclusive property of Licensor and its Suppliers. Unauthorized copying of the Software is expressly forbidden. The Software may be patent-pending and/or patented; please refer to documentation accompanying the product, including labels and user guides, for specifics. You may be held legally responsible for any infringement of copyright or other intellectual property rights caused by your failure to abide by this Agreement. If the Software is identified by Licensor as a demonstration version, Licensee may use the Software on multiple Products or platforms. If the Software is provided by Licensor as other than a demonstration version, Licensee may use the Software only on or with a single Product. User's guides and programming guides for the Software that are provided by Licensor in either hard or electronic copy may be copied and distributed. The rights granted by this Agreement do not give you rights to implement patents or other intellectual property of Licensor or its Suppliers.

OPEN SOURCE: If you use Open Source software in conjunction with the Software, you represent and warrant that your use will not: (i) create, or purport to create, obligations on Licensor or its Suppliers with respect to the Software; or (ii) grant, or purport to grant, to any third party any rights to Software that are not permitted by this Agreement; or (iii) grant, or purport to grant, to any third party any immunities with respect to Licensor’s or its Suppliers’ proprietary rights. Any Open Source software listed under this Agreement is listed only for your convenience and solely for information purposes, and, if licensed, is licensed to you only under the terms set forth in the corresponding Open Source License, which you may find on the Internet at the designated URL, or in the header files of such software.

YOUR REPRESENTATIONS and WARRANTIES REGARDING USE OF THE SOFTWARE: You represent and warrant that you shall not do any of the following, and shall not cause or knowingly allow others to, do any of the following:

- (a) use the Software unlawfully;
- (b) place harmful software on the Software or use it in connection with the Software, including but not limited to, the generation or dissemination of computer viruses, Trojan horses, time bombs, denial of service attacks, key-logging and other monitoring software, worms, logic bombs, or other harmful code or programs;
- (c) use the Software, by itself or in conjunction with harmful software, to:
 - (i) negatively impact the operation or performance of the Software,
 - (ii) negatively impact the safety, security, or privacy of users or owners of the Software,
 - (iii) negatively impact the operation or performance of the networks with which the Software may interact (“Networks”),
 - (iv) attempt unauthorized use of or access to such Networks, or to any service, data or account, or,
 - (v) cause harm to the Software, the Products with which they are used, or the Networks, or impair their use by others.

RESTRICTIONS: You may not use, print, copy, or display the Software in whole or in part except as expressly permitted in writing. You may not modify, translate, alter, create derivatives of, "reverse compile," decompile, merge with another program, or otherwise derive the source code for the Software, or defeat any "keys" or codes controlling authorized access or functionality, nor allow others to do the same.

NOTE ON JAVA SUPPORT: The Software may contain support for programs written in Java. Java technology is not fault tolerant and is not designed, manufactured, or intended for use or resale as online control equipment in hazardous environments requiring fail-safe performance, such as in the operation of nuclear facilities, aircraft navigation or communication systems, air traffic control, direct life support machines, or weapons systems, in which the failure of Java technology could lead to directly to death, personal injury, or severe physical or environmental damage.

INDEMNIFICATION: Licensee agrees to defend, indemnify, and hold harmless Licensor and its officers, directors, employees, and successors and assigns against any and all claims, demands, causes of action, losses, liabilities, damages, costs and expenses, incurred by Licensor (including but not limited to costs of defense, investigation, and reasonable attorney's fees) arising out of, resulting from, or related to failure to comply with the terms of this Agreement, including but not limited to (1) the clauses directed to Open Source, Malware, and Restrictions, (2) unauthorized use or disclosure of Software, and (3) use of Software in combination with software, hardware, systems, or other items not provided by Licensor.

DISCLAIMERS AND LIMITATIONS OF LIABILITY: THE SOFTWARE IS NOT FAULT TOLERANT, AND IS PROVIDED AS IS AND WITH ALL FAULTS. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, AND EXCEPT AS OTHERWISE EXPRESSLY SET FORTH IN THIS AGREEMENT OR, WITH RESPECT TO THE OPEN SOURCE SOFTWARE LISTED FOLLOWING, EACH RESPECTIVE OPEN SOURCE LICENSE, LICENSOR, ITS SUPPLIERS AND LICENSORS, AND ANY OPEN SOURCE CONTRIBUTORS (1) DISCLAIM ANY AND ALL PROMISES AND REPRESENTATIONS WITH RESPECT TO THE SOFTWARE, INCLUDING ITS CONDITION, ITS CONFORMITY TO ANY REPRESENTATION OR DESCRIPTION, AND THE EXISTENCE OF ANY LATENT OR PATENT DEFECTS, (2) DISCLAIM ALL WARRANTIES, WRITTEN OR ORAL, EXPRESS, IMPLIED, OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR PARTICULAR PURPOSE, TITLE, AND NON-INFRINGEMENT OF THIRD-PARTY RIGHTS; AND, (3) SHALL HAVE NO LIABILITY FOR ANY DIRECT, INDIRECT, SPECIAL, CONSEQUENTIAL, OR INCIDENTAL DAMAGES ARISING FROM OR IN CONNECTION WITH THE USE OR PERFORMANCE OF THE SOFTWARE. THIS LIMITATION SHALL APPLY EVEN IF ANY REMEDY FAILS OF ITS ESSENTIAL PURPOSE. IN NO EVENT SHALL LICENSOR OR ITS SUPPLIERS BE LIABLE FOR ANY AMOUNT IN EXCESS OF (1) THE INITIAL LICENSE FEE THAT LICENSOR RECEIVED FROM YOU FOR THE PRODUCTS, IN THE CASE OF LICENSOR, OR (2) U.S. TWO HUNDRED AND FIFTY DOLLARS (U.S. \$250.00), IN THE CASE OF LICENSOR'S SUPPLIERS.. ALL RISK AS TO QUALITY AND PERFORMANCE OF THE SOFTWARE IS WITH YOU.

GENERAL: This Agreement is the complete agreement and understanding of the parties with respect to the Software and supersedes all prior oral, written, or other representations and agreements. You acknowledge that the Software is of U.S. origin, and agree to comply with all applicable international and national laws that apply to the Software, including the U.S. Export Administration Regulations, as well as end-user, end-use, and country destination restrictions issued by the U.S. and other governments. If this product is acquired under the terms of a U.S. Government contract, use, duplication, and disclosure are subject to the terms of this license and the restrictions contained in the Rights in Technical Data and Computer Software clause at 252.227-7013 (DOD contracts); and subdivisions (a) through (d) of 52.227-19 as applicable. This Agreement shall be governed by the laws of the State of New York, without regard to its conflicts of law provisions.

AUTHORIZED PARTIES: In addition to the License rights granted in this License Agreement, parties authorized by Licensor to distribute, resell, or provide software for use on Licensor's Products (collectively "Authorized Parties") shall have the right to install and sublicense the Software to End Users solely for the purpose of using the Software on Licensor's products for the End User's own business. Authorized Parties shall have the right to advertise or otherwise market the Software for use on Licensor's products. User guides and programming guides for the Software that are provided by Licensor to Authorized Users in either hard or electronic copy may be copied and distributed. Authorized Parties shall provide this License Agreement with any sublicense to an End User of the Software. Authorized Parties who distribute the Software shall promptly discontinue distribution of the Software to any End User which does not comply with the obligations in this License Agreement and shall notify Licensor and cooperate with Licensor in investigating instances of violation thereof.

Open Source Software Attribution/Disclosure

Software available from Honeywell Scanning & Mobility, including but not limited to Remote Mastermind, may contain one or more of the following open source software components; references to specific versions are for convenience only, please refer to the URL and header file information for current versions:
