

Fact Sheet

PRIMERGY Server Support Roadmap Announcement

This announcement contains Manufacturer End of Service dates and Fujitsu America, Inc. End of Service Support period begins for ETERNUS® storage and associated software after the manufacturer's End of Sale / End of Life / Last Factory Ship Date and generally continues for 5 years beyond that date. Products and associated software will be retired and will no longer be supported after the Fujitsu Support End of Service Life date.

Customers with active service contracts will continue to receive support from the Fujitsu Global Service Center until close of business through contract expiration date

NOTE: Development of new Firmware Patches/ Updates will cease and access will be limited to the levels currently available. OS support may no longer be available and not included. Parts replacement and break/fix services are performed on a commercially reasonable basis per contracted service level based on parts availability.

TAKE ACTION NOW: Contact your Fujitsu Client Executive or reseller for more information about new PRIMERGY server products. For service renewal information, contact your Service Delivery Manager.

ASK US: go_enterprise@us.fujitsu.com.

About Fujitsu Americas

Fujitsu America, Inc. is the parent and/or management company of a group of Fujitsu-owned companies operating in North, Central and South America and Caribbean, dedicated to delivering the full range of Fujitsu products, solutions and services in ICT to our customers in the Western Hemisphere. These companies are collectively referred to as Fujitsu Americas. Fujitsu enables clients to meet their business objectives through integrated offerings and solutions, including consulting, systems integration, managed services, outsourcing and cloud services for infrastructure, platforms and applications; data center and field services; and server, storage, software and mobile/tablet technologies. For more information, please visit: <http://www.fujitsu.com/us/> and <http://twitter.com/fujitsuamerica>

Fujitsu platform solutions

Fujitsu Portfolio

Build on industry standards, Fujitsu offers a full portfolio of IT hardware and software products, services, solutions and cloud offering, ranging from clients to datacenter solutions and includes the broad stack of Business Solutions, as well as the full stack of Cloud offering. This allows customers to leverage from alternative sourcing and delivery models to increase their business agility and to improve their IT operation's reliability.
