# KIT UP YOUR FIREARMS

New polymer magazine additions include a 25 round .308/7.62X51 windowed magazine, 10 round 5.56/.223 magazine, and a 33 round GLOCK® 9mm double-stack magazine. After the many requests from our customers who enjoy building from the ground up and in addition to our well-received 6 position tube kits, new A2 rifle extension tube build kits will be added to our product line. Coming out of our Michigan UTG PRO® manufacturing is the addition of a ½"-28 9mm stubby muzzle brake and a new series of iron sights starting out with a pair of low profile mechanical flip-up back up iron sights.
