Davis CARES Business Grant Program – Guidelines

Updated: June 29, 2020

The Davis CARES Business Grant Program (the “Davis CARES Program”) is offered pursuant to funding received by Davis County (the “County”) and its partnering cities, through the federal Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”). Funding will be made available to a limited number of businesses, with less than 50 employees that meet specific requirements set by the Davis CARES Program.

The Davis CARES Program will use CARES Act funding, received by the County and its partnering cities, to provide grants of a minimum of \$5,000 and up to \$30,000, dependent on number of employees at applicant business. The applicant business must demonstrate a significant impact as a result of the COVID-19 pandemic to be considered for funding.

Applications will be accepted starting on July 6, 2020. In order to be considered for the first round of funding, completed applications must be submitted by July 10, 2020 at 11:59 PM via the [County’s ZoomGrants portal](https://bit.ly/3eCFrF2) (<https://bit.ly/3eCFrF2>). However, businesses may submit applications after July 10, 2020, in the event the County receives additional funding. Funds will be disbursed until the funds are exhausted. Due to the anticipated number of submissions and limited funding, applications will be ranked based on predetermined priorities (see Davis CARES Program Prioritization).

Funding Source

The Davis CARES Program is funded through CARES Act funds provided by the United States Department of Treasury to the State of Utah and provided to the County and its partnering cities.

Duplication of Benefits

Businesses may not receive federally-subsidized disaster assistance that duplicates any part of their disaster loss covered by insurance or another source, such as the Small Business Administration (SBA) programs (PPP and EIDL), the Federal Emergency Management Agency (FEMA), and state programs (Commercial Rental Assistance). Applicants for the Davis CARES Program must disclose any funds applied for or received from these sources or other federal and state assistance programs. It is the County's sole discretion to determine if funds received from any of these sources constitutes a duplication of benefits. If a duplication of benefits determination is made after the County funds have been disbursed, the amount of funds that were determined to be duplicative must be repaid to the County.

Eligible Use of Funds

Grant money may be used to pay for expenses related to COVID-19 or reimburse businesses for COVID-19 expenses. As outlined in the Duplication of Benefits, any uses paid for by other federal or state assistance programs **cannot** be paid for with these Grant Funds. If a duplication of benefits determination is made, the amount of funds that were determined to be duplicative must be repaid to the County.

1. Businesses that applied, but did not receive funding from the Small Business Administration and/or the Governor's Office of Economic Development loan programs.
2. Businesses that were unable to practice safe social distancing and needed to close, in accordance with state and local guidance (e.g. personal services, gyms, spas, etc.).
3. Businesses located within cities that are financial partners with the Davis CARES Grant Program.
4. Businesses that voluntarily closed or partially closed to promote social distancing measures, in accordance with state and local guidance.
