MaxiAids strongly recommends that you contact your eye-care professional prior to ordering a magnifier for low vision or if you are experiencing difficulties with your vision. A vision professional will be able to provide a complete comprehensive examination and will prescribe or recommend the appropriate device to meet your individual needs.

**MAGNIFIER AND MAGNIFICATION INFORMATION**

**Magnifier Power** - shown by a number placed in front of the letter x. This refers to how much larger an object will appear when viewed through the magnifier lens.  
example, a magnifier with a 2x power will make an object appear 2 times its actual size.

**Diopter** – also a measure of magnification referring to the curvature of the lens. As the curvature increases the object will appear larger. The higher the Dioptric power the greater the magnification.

**IMPORTANT FACTS:**

- A):** As the power of the magnifier increases the smaller the magnifier lens will become. This will decrease the total viewing area under the magnifier.
- B).** With higher power lenses the focal distance, also referred to as the working distance, decreases. What this means is that as you use a higher power lens both the object that you want to view and your eye must be closer to the magnifier for it to focus correctly.
- C).** Please remember that when it comes to a magnifier – stronger is NOT always better! Use the magnification chart to determine what strength magnifier you feel most comfortable using, but again the best advice we can give you is to consult with a low vision professional.

**TYPES OF ILLUMINATION (LIGHTING) AVAILABLE FOR MAGNIFIERS:**

**Incandescent** - soft lighting found in standard lamps (lighting may appear to have a yellow tint)

**LED (Light-Emitting- Diodes)** - Provides an even, soft-bright light. As a general rule, LED bulbs generally last for several years, and they are generally not replaceable. LEDs also use less power, so batteries last significantly longer.

**Xenon** - Illumination which provides whiter and brighter lighting than incandescent.

**\*\*Many users of magnifiers have more than one – They usually purchase a stand or dome magnifier for their home or office, and a hand-held magnifier to carry with them in their pocket or purse.**

**ELECTRONIC MAGNIFICATION ALSO KNOWN AS A CCTV - SEE CCTVS SECTION**

A very powerful magnification device – that can magnify up to 60 times. These units consist of a camera, a moveable table and a monitor. They are available in several sizes and are available in Color and Black and White. They are ideal for reading, writing, looking at photos, and even doing small craft projects and hobbies. There are also portable models available. These units are ideal for those with low vision and those with macular degeneration. CCTVs feature Reverse Video, which transforms a white background to a black background and black type to white type making it easier to see!

## ALL TERRAIN CANE

- Navigate safely & easily at the beach, in forests, in parks, etc.
- Curved-tip design reduces snagging in grass and sand
- Sturdy, lightweight aluminum with nylon tip
- Tip has a 3" curve, 6" straight middle section and 3" curved end

## ALL TERRAIN CANE TIP

Tip and Assembly Only  
**170810 - \$34.95**

The All Terrain Cane was designed to help the blind navigate more safely and easily in areas that aren't paved. The long curved tip reduces snagging, allowing it to glide through sand, grass and other rough terrain. Now you'll be able to walk with confidence on the beach, on hiking paths or in the park!

*All of us at MaxiAids wish to Thank You for reviewing our catalog.  
 We hope it has been a valuable resource for you.*

**To assist you with your order please review our policies, terms and conditions below:**

**ORDERS:** The minimum order is \$10.00. **We accept MasterCard, Visa, American Express & Discover.**

**Individual Customers:** All orders must be prepaid, either by check, money order, or credit card.

**Federal/State Agencies:** May be billed. Terms of payment: Net 30 days. **Return check fee: \$20.00**

• Purchase Voucher form must be filled out completely and ready for MaxiAids signature.

• For out-of-stock items, please indicate what you would like MaxiAids to do... (i.e., No back orders, hold back order or extra days, etc.)

**Foreign Orders:** Must be submitted in writing first, specifying desired shipping mode. Upon receipt, we will send you an invoice form indicating costs and shipping charges. All orders ship F.O.B. Farmingdale, New York. Remittance must be made in U.S. currency, by draft payable on a New York bank only. **NOTE:** Customer is responsible for all freight charges, duties, tariffs and any other entry fees into their country associated with the shipment.

**DISCOUNTS:** Quantity discounts are available. Please call us for more information. Bids are welcome.

**SHIPPING: Standard Shipments:** Orders will be shipped by UPS, USPS or other, to all states in the continental United States. Additional shipping/handling charges apply (where indicated in the catalog) for oversized and heavy items.

**Express Shipments:** UPS Next-Day, UPS 2nd-Day, UPS 3rd-Day and FedEx delivery available for an additional charge.

**Shipments to Alaska, Hawaii & Puerto Rico:** Items are shipped 2nd Day UPS or Post Office at current rates.

**Sales Tax:** New York State shipments are subject to County and State tax. Any organization claiming a tax exemption must supply a copy of your exempt organization certification or resale certificate.

**RETURN POLICY: If you are not satisfied with your purchase you may return it within 30 days\*. Prior to returning the item you MUST contact us for a Return Authorization ("RA") Number. An RA is valid for 10 days.**

Sorry, but no returns can be accepted after 30 days from ship date. Original shipping/handling charges non-refundable.

Return shipments must be sent with tracking (via UPS, FedEx, etc.) in new, resalable condition (including manufacturers' original packaging, accessories, manuals, etc.) We strongly urge you to purchase shipping insurance, as we will not be held liable for damages incurred during the return of a shipment. Contact your shipper (UPS, FedEx, etc.) to find out how to properly protect the package being returned. You will be issued a **refund less the shipping and handling charges** for any returned item. MaxiAids is not responsible for any return shipping expenses.

**Damage/Defect/Shortage:** You must **notify us of any damage, defect or shortage within 72 hrs.** You will be given return instructions for any damages/defects. Once we receive the item back from you we will ship you a new unit.

**IMPORTANT: Hold all packaging materials for UPS inspection, which may be required.**

**Order Refusal & Misdelerivered/Redirected/Undeliverable Packages:** If an order is returned to MaxiAids because it is refused by the recipient or it is undeliverable due to address changes or incorrect address information supplied by the purchaser, the purchaser is responsible for **BOTH** the original and return shipping charges, plus a 15% restocking fee.
