C.F.R.A

CONCRETE FORMWORK RELEASE AGENT

AVAILABLE SIZES: 4L

DESCRIPTION:

Cemix® C.F.R.A. is a formwork release agent which is applied to the inner face of shuttering, formwork and moulds, before the casting of concrete. Cemix® C.F.R.A. is used to break the bond and allow an easy release between the cast concrete and formwork. It may also be used to stop the build-up of concrete on tools, handling equipment and machinery. Cemix® C.F.R.A. does not stain concrete.

TYPICAL APPLICATION/USES:

Spray or paint a thin coating of Cemix® C.F.R.A. on to the casting face of all forming before each pour or cast of concrete. Apply to the backs and sides of all forming to allow for easy cleaning.

ADVANTAGES:

- · Easy bond breaking
- Easy stripping of forms
- · Smooth stain free concrete
- Can safely be used on tools etc.
- Good for fine finishes
- Lowers maintenance costs
- Increases the effective life as well as producing a waterproof coating

SUBSTRATE PREPARATION:

Cemix® C.F.R.A. must be applied to clean and dry surfaces.

PRECAUTION:

Care must be taken to avoid applying thick coatings to new hard board or plywood forming, as this could cause damage to the surface finish. Cemix® C.F.R.A. must not be allowed to come into contact with any reinforcement, as it stops the concrete from bonding to the steel. Cemix® C.F.R.A. causes a dust film where

it touches the concrete surface. This film must be brushed away before any other work contacting the concrete surface is carried out.

APPLICATION:

Cemix® C.F.R.A. is supplied ready for use, no thinning is necessary. Apply by brush or spray, a thin coating of Cemix® C.F.R.A. to wooden or steel shuttering formwork or moulds before each concrete cast. For plant, handling equipment and machinery etc., hose clean and spray with Cemix® C.F.R.A. at the end of work. For hand tools, buckets etc. simply soak in the container of Cemix® C.F.R.A. and allow to dry.

AGITATION:

Agitate product well before use.

COVERAGE:

Covers up to 18m²/L when sprayed with suitable equipment.

STORAGE & SHELF LIFE:

Cemix® C.F.R.A should be stored away from direct sunlight and in a dry environment.

Read label before use. Keep out of reach of children. If medical advice is needed, have product container or label at hand.

DANGER

- Causes skin irritation
- May cause allergy or asthma symptoms or breathing difficulties if inhaled

MORE THAN CONCRETE

June 2020 | Page Number 2
