

Innovation
that excites

NISSAN e-NV200 EVALIA

Zero Emission™

DRIVE IN ECO MODE AND B MODE TO EXTEND YOUR RANGE EVEN FURTHER.

Eco Mode automatically adjusts the acceleration response and the climate control system to minimise energy consumption. B Mode increases the level of regenerative braking. Together, they help you get the most out of every charge.

*Time dependent on charging conditions, including Quick Charger type and condition, battery size as well as ambient & battery temperature at point of use.

Go even further all together.

What if you had the ideal family van, with room for 5, 6 or 7, all the versatility you need, and a totally new kind of driving pleasure? Now imagine if you never had to stop for petrol or worry about oil changes or transmission services. It's all yours when you go 100% electric with the e-NV200 Evalia. Using the same battery technology of the award-winning 100% electric New Nissan LEAF, e-NV200 is the ideal car to drive all together! Which means you can start the day ready to go on a full charge and get a zero-emission trip from 200 to 301 km range (combined to city WLTP cycles). Make the switch for you and your family, so you can say goodbye to petrol.

NissanConnect EV NAVIGATION

With the press of your Zero Emission button, get instant access to:

- || Eco route planning
- || Energy usage
- || Driving habits and history

Always stay connected

You only need to go as far as your dash to get all the info you need for the day's plans. Keep tabs on your current charge, estimated range, and how much power you're using as you drive, right on your instrument panel. Then access the Nissan Navigation System, NissanConnect EV, the Zero Emission menu, and audio options all in one place - on the 7" colour touch-screen monitor. Here, you can manage your driving range, calculate routes, get real-time traffic updates, and use hands-free Bluetooth. And, thanks to NissanConnect EV, you can also connect with your e-NV200 Evalia using your computer or mobile device to manage some functions remotely, like charging, climate control, and more.

Stay Connected always with your e-NV200

And it will talk to you as well. For instance, when it sends you a friendly notification to let you know it's finished charging. NissanConnect EV makes the conversation possible, with a smartphone app that lets you keep in touch with your e-NV200 Evalia remotely and ask it to do things like start charging or turn the heat on. And when you log on to NissanConnect EV on your laptop, you'll discover even more ways to make driving 100% electric easy and fun. Check your smartphone - that might be your Evalia calling.

Programme your charge during the most convenient time

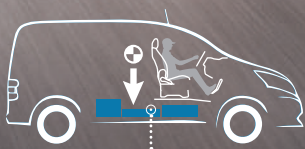

Have a driving analysis in your mobile

Remember when driving was actually fun? welcome back.

There's nothing like driving electric. 100% torque off the line and seamless acceleration bring a fun, new kick to your everyday to-do list. The low centre of gravity and tight turning radius mean curve-hugging handling and easy control in the driver's seat. And, with no engine noise or vibrations, everyone on board will enjoy the amazingly smooth, quiet ride. So whether you're running errands or out on the town, driving your Nissan e-NV200 Evalia will become one of your favourite parts of the day.

NO
Noise

NO
Vibrations

Battery placement creates an optimized center of gravity.

Hill Start Assist If you've stopped on an incline and need to start moving again, no worries. Hill Start Assist helps keep you from rolling backward by holding brake pressure for a few seconds, giving you time to switch from the brake pedal to the accelerator.

11.1 M

NISSAN  INTELLIGENT MOBILITY

Keeps everyone in their comfort zone.

Everyone gets a good seat in this spacious, comfortable cabin that accommodates 5, 6 or 7 people. Thoughtful details have your family in mind, like a low step-in height and lots of smart storage for the must-have items that always come along. You get all the functionality of a minibus, along with the pleasantly quiet ride of an electric vehicle - it's a new kind of family space.

Dual-control heated front
seats give you a cosy
welcome on cold days.

REMOTE HVAC CONTROL
Get the cabin temperature just
right before you even get in
by using your smartphone or
iKey to remotely control HVAC.
It's a great way to conserve
your charge.

THOUGHTFUL STORAGE

The e-NV200 Evalia has 13 different useful places to stash your stuff, including concealed areas like this under-seat storage drawer, and centre console.

Cargo space for all your to-do's.

When it comes to cargo, your e-NV200 Evalia is incredibly versatile, so nothing gets in the way of your plans. Seat five, six or seven people very comfortably with plenty of room for their luggage or tools. Plus, it's easy to load, thanks to an exceptionally low 524 mm rear load height.

2 SEATS

In the two-seat configuration, you get best-in-class 3.1m³ of cargo volume. That's three mountain bikes with front wheels still attached. Ready for adventure!

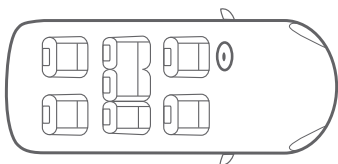

5 SEATS

With five people on board, you can still take a large suitcase for each of them. That's 1.9 m³ of load space – or fold down the second row of seats to create even more space. With the front passenger seat folded down, you can even carry items up to 2.8 m long.

7 SEATER

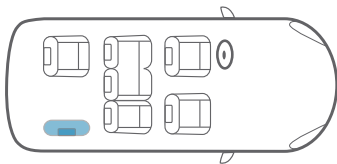

All is possible in the e-NV200 Evalia 7-seater. You can fold the 3rd and 2nd row seats to make more space all your luggage requirements.

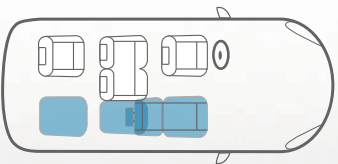

7 SEATS

870L LOAD SPACE UP TO ROOF
443L LOAD SPACE BELOW
TONNEAU COVER

6 SEATS

1,550L LOAD SPACE

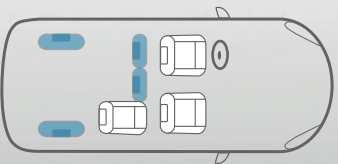

4 SEATS

UP TO 2.80M LOAD LENGTH

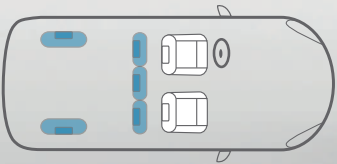

5 SEATS

2,110L LOAD SPACE

3 SEATS

UP TO 1.30M LOAD HEIGHT

2 SEATS

2,940L LOAD SPACE

Stretch your capacity with the 7-seater.

The e-NV200 Evalia 7 seater goes to even greater lengths to accommodate your needs and desires. With 7 full-size seats and plenty of leg and arm room, you can take your whole tribe on an adventure whenever the mood takes you. What's more, thanks to 2nd row seats with a 6:4 fold down split and 3rd row spring-up seats, you'll be able to take objects of all shapes and sizes on board. e-NV200 Evalia makes light work of it all.

Nissan safety
surround yourself with confidence.

Wouldn't it be cool if you had the confidence you need for every part of your drive? Nissan's safety technology takes a comprehensive approach to safety that guides the engineering and development of every vehicle we make. The features described here are just some of the many on your Nissan, helping to protect you by focusing on three key areas: keeping an eye on your vehicle's systems and the surroundings, assisting in handling unexpected situations, and helping to keep you safe in the unfortunate event of an accident.

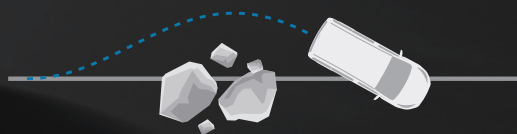

GET THE BIG PICTURE

The available RearView Monitor makes tight parking spots more inviting. The screen on your dash shows the view behind your car with superimposed parking guidelines. Add to that two wide-angle side view and convex mirrors, and you've got all you need to enjoy greater visibility, safer lane changes and parking that's a snap.

4 DISC BRAKES AND BRAKE ASSIST

Unlike some competitors, e-NV200 Evalia is equipped with disc brakes all around for confident stopping power. And if you need to hit the brakes hard, Brake Assist senses an emergency and automatically applies maximum braking force.

EXPERIENCE ESP

Electrical Stability Control turns last-minute lane changes and rapid stops into smoother operations.

STANDARD AIR BAGS

SAFETY CUSHION

Just to be on the safe side, e-NV200 Evalia is equipped with six air bags.

NISSAN SERVICE CONTRACTS

For total peace of mind and budget control, you can subscribe to a Nissan Service Contract which will cover your periodic maintenance for the mileage and period that suits your business best. This way, you can ensure that your e-NV200 Evalia is serviced by dedicated Nissan technicians.

AT NISSAN, YOU BRING OUT THE BEST IN US.

You spark our imagination. You provoke our ingenuity. You inspire us to change the rules and innovate. And at Nissan, innovation is not just about additions and extensions; it's about crossing the line to reinvent the status quo. It's about developing unexpected solutions to satisfy your wildest and most pragmatic desires. At Nissan, we design cars, accessories and services that break the mould - making the practical exciting and the exciting practical to offer you a more exhilarating driving experience everyday.

NISSAN e-NV200 Evalia OFFERS YOU:

For complete peace of mind, when using your vehicle, e-NV200 Evalia is covered by warranty up to 5 year / 62,000MI for mechanical and electric components, with Nissan Assistance included.

Contact your dealer and consult the warranty booklet for more details.

12 year anti-corrosion warranty.

Nissan e-NV200 Evalia lithium battery warranty also protects against capacity loss below 9 bars of capacity (out of 12) for a period of 8 years / 160,000 KM.

*Body parts and paint excluded during year 4 and year 5. Terms and exclusions apply accordingly. For further information, Please see Extended warranty terms and conditions.

The logo features the word "NISSAN" in a bold, sans-serif font, followed by a stylized blue and white icon representing a car's front end. To the right of the icon, the words "INTELLIGENT MOBILITY" are written in a smaller, all-caps, sans-serif font. A red horizontal bar is positioned above the text, with four small white squares on the right side.

Nissan Intelligent Mobility guides everything we do. We're using new technologies to transform cars from mere driving machines into partners. Together the journey is more confident, connected, and exciting. Whether it's cars that share the task of driving with you, or highways that charge your EV as you go along, it's all in the very near future. And it's a future already taking shape in the Nissan you drive today.
