

EMPLOYEE CONFIDENTIALITY AND ASSIGNMENT OF INVENTIONS AGREEMENT

THIS EMPLOYEE CONFIDENTIALITY AND ASSIGNMENT OF INVENTIONS AGREEMENT ("Agreement") is made by the undersigned employee ("I" or "me") with Motorola Solutions Canada Inc. (named Motorola Canada Limited prior to May 1, 2011) and such other Motorola Solutions entity(ies) with which I am subsequently employed (collectively, "Motorola Solutions"). "Motorola Solutions", as used herein, also includes Motorola Solutions, Inc. (named Motorola, Inc. prior to January 4, 2011), and its and Motorola Solutions Canada Inc.'s predecessors, successors, assigns, current and former affiliates ("affiliates" defined to mean entities that own, are owned by, or are under common ownership or control with Motorola Solutions, Inc.). As a condition and in consideration of my employment by Motorola Solutions, my being given access to Motorola Solutions' Confidential Information (as that term is defined below) which I require in order to perform my duties, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I agree as follows:

1. NONDISCLOSURE OF CONFIDENTIAL INFORMATION

Definitions: As used in this Agreement, "Confidential Information" means all confidential information and trade secrets (whether or not specifically labeled or identified as "confidential"), in any form or medium, that is disclosed to, or developed or learned by me and that relates to the business, products, services, research or development of Motorola Solutions or its suppliers, distributors or customers and that has not become publicly known. As used in this Agreement, Confidential Information includes all "Intellectual Property", which means all non-published patent applications, ideas, inventions, formulae, know-how, devices, designs, models, methods, techniques and processes, specifications, tooling, computer programs, copyrightable works, mask works, technical and product information concerning circuits, trade secrets and all other intellectual property rights.

I recognize that Motorola Solutions is engaged in a continuous program of research and development, and that as an employee, I will have access to Confidential Information that has independent economic value to Motorola Solutions in part because it is confidential. I further recognize that Motorola Solutions has taken reasonable steps to protect its Confidential Information from disclosure to the public, including entering into this Agreement. During and after my employment, I will not disclose or use any Confidential Information except to the extent I am required to disclose or use such Confidential Information in the performance of my assigned duties with Motorola Solutions; and I will use my best efforts to safeguard the Confidential Information and protect it against disclosure, misuse, espionage, loss and theft. In the event Motorola Solutions has entered into confidentiality agreements, which contain provisions different from and more restrictive than those set forth in this Agreement, I agree to comply with any such different and more restrictive provisions of which I am notified. Confidential Information or Intellectual Property of third parties, including my former employers, may have been disclosed to me and I may not be authorized by such a third party to disclose such information to others or to use such information in the course of my employment by Motorola Solutions. I agree not to disclose or use such information or to violate such nondisclosure restrictions and agree to provide Motorola Solutions with copies of any written agreements with former employers that contain such restrictions.

2. OWNERSHIP OF INTELLECTUAL PROPERTY

I hereby assign and agree to assign to Motorola Solutions or its designee all right, title and interest that I may have or acquire in and to any Intellectual Property that relates in whole or in part to Motorola Solutions' business or actual or demonstrably anticipated research or development, to the extent such Intellectual Property is not already owned by Motorola Solutions as a matter of law. I shall reduce to writing any Intellectual Property not already in such form and promptly and fully communicate to Motorola Solutions all such Intellectual Property and I shall, both during and after my employment, cooperate with Motorola Solutions, at its reasonable expense, to protect Motorola Solutions' interests in such Intellectual Property. In the event that Motorola Solutions is unable to secure my signature to any document required for any application process for such Intellectual Property, I hereby irrevocably appoint Motorola Solutions and its duly authorized officers and agents, as my agents and attorneys-in-fact, to act on my behalf to do any lawfully permitted acts to further the application process for such Intellectual

Property, including without limitation, the preparation, prosecution, issuance or maintenance of patent applications or patents for such Intellectual Property, with the same legal effect as if executed by me.

I hereby irrevocably waive any and all "moral rights" that I may have in the Intellectual Property created hereunder that relates in whole or in part, to Motorola Solutions' business or actual or demonstrably anticipated research or development (the "Work Product"), or any part thereof, in connection with Motorola Solutions' use(s) thereof. To the extent such waiver may be unenforceable, I agree that I will, without further remuneration (except for out-of-pocket expenses), execute and deliver to Motorola Solutions such waiver of my moral rights concerning the Work Product and Motorola Solutions' use(s) thereof. I acknowledge and understand that the term "moral rights" as used herein includes the right of an author: to be known as the author of his/her work; to prevent others from being named as the author of his/her work; to prevent others from making deforming changes in his/her work; and to prevent others from using the work or the author's name in such a way as to reflect negatively on his/her professional standing.

During the term of my employment with Motorola Solutions and for a period of six (6) months after termination, I will promptly disclose to Motorola Solutions all Intellectual Property, that relates in whole or in part to Motorola Solutions' business or actual or demonstrably anticipated research or development, and that is created, conceived or reduced to practice by me, either alone or jointly with others, whether or not patentable or subject to copyright. I acknowledge and agree that any Intellectual Property related to Motorola Solutions' business or research or development, and that is created, conceived or reduced to practice by me (whether alone or jointly with others) within six (6) months after termination of my employment with Motorola Solutions will be presumed to have been conceived or made during the period of my employment with Motorola Solutions, unless and until established to the contrary by me. I hereby assign any and all such Intellectual Property to Motorola Solutions.

I agree that this Agreement does not require assignment of any of my rights in an invention or other Intellectual Property if (i) no equipment, supplies, facilities or Confidential Information of Motorola Solutions were used in the discovery, creation, or development of the Intellectual Property; (ii) the Intellectual Property was developed entirely on my own time and did not result from any work performed by me for Motorola Solutions; and (iii) the Intellectual Property does not relate, at the time of conception, development or reduction to practice, to Motorola Solutions' business or its research or development. I acknowledge and agree that any materials authored, prepared, contributed to or written by me, in whole or in part, shall be done as "work made for hire" as defined and used in the Copyright Act of 1976, 17 U.S.C. § 101, *et seq.* and that proprietary rights in Confidential Information, including Intellectual Property, belong to Motorola Solutions. Prior to my employment at Motorola Solutions (including the period in which Motorola Solutions Canada Inc. was named Motorola Canada Limited) I did not make or acquire any interest in inventions, that are the subject of issued patents or pending patent applications, or that might become the basis for one or more patent applications, other than those listed on Exhibit A.

3. OWNERSHIP AND RETURN OF MATERIALS

All documents and materials, which I have had access to or produced in connection with my services for Motorola Solutions, or which belong to Motorola Solutions, whether or not such materials contain Confidential Information, shall remain the sole property of Motorola Solutions. Upon termination, or at any time requested, I shall promptly deliver to Motorola Solutions all such materials and copies in my possession and control and shall provide written confirmation that I have returned all such materials.

4. NON-SOLICITATION BY EMPLOYEE

In further consideration of my employment by Motorola Solutions, I agree that during the term of my employment with Motorola Solutions and for a period of twelve (12) months after termination of my employment with Motorola Solutions, I shall not, directly or indirectly, recruit, solicit or induce or attempt to recruit, solicit or induce (i) any employee of Motorola Solutions who possesses Confidential Information to leave the employ of Motorola Solutions or (ii) any other person to terminate a

relationship with Motorola Solutions. To the extent that any other agreements that I previously have entered into, or may enter into in the future, with Motorola Solutions contain provisions regarding my non-solicitation obligations that are different than or more restrictive than those set forth in this Agreement, I agree to comply with any such different and more restrictive provisions to which I have agreed.

5. NONCOMPLIANCE

I acknowledge and agree that the limitations set forth herein are reasonable with respect to scope, and duration, and are properly required for the protection of the legitimate business interest of Motorola Solutions. I acknowledge that my compliance with this Agreement is necessary to protect Motorola Solutions' goodwill and Confidential Information, that my failure to comply with this Agreement will irreparably harm the business of Motorola Solutions, and that monetary damages would not provide an adequate remedy to Motorola Solutions in the event of such non-compliance. Therefore, Motorola Solutions shall be entitled to obtain an injunction and other equitable relief in any court of competent jurisdiction against a breach by me of this Agreement, without the posting of bond or other security, in addition to whatever other remedies it may have. I agree that any action relating in any way to this Agreement shall be brought solely in a court of competent jurisdiction for the location of the Motorola Solutions facility at which I work or, if no longer employed, last worked and consent to the jurisdiction of any such court and hereby waive any defense or objection related to improper or inconvenient forum, venue or jurisdiction. In the event that Motorola Solutions successfully enforces this Agreement against me in any court, I will indemnify Motorola Solutions for the actual costs incurred by Motorola Solutions in enforcing this Agreement, including but not limited to attorneys' fees.

6. MISCELLANEOUS

The parties acknowledge that they have agreed that the present Agreement as well as all documents and notices given pursuant hereto or relating directly or indirectly hereto may be drawn up in English. Les parties reconnaissent avoir accepté que la présente convention ainsi que tout document exécuté et avis donné directement ou indirectement à la suite ou relativement à la présente convention puissent être rédigés en anglais.

This Agreement shall be governed by, and construed and interpreted in accordance with the laws of the State of Illinois (or if I am employed outside of the United States, the applicable local legal jurisdiction for the location of the Motorola Solutions facility at which I work or, if no longer employed, last worked) without regard to conflict of law principles.

I agree that Motorola Solutions may present a copy of this Agreement to any of my actual or prospective subsequent employers. I also agree that upon termination and for a period of 12 months thereafter, I will immediately inform Motorola Solutions of the identity of any subsequent employer, my new position and job duties and responsibilities and any other information necessary to determine my compliance with the terms of this Agreement.

Any waiver by Motorola Solutions of the breach of or its right to enforce any provision of this Agreement shall not operate or be construed as a waiver of any subsequent breach or right of enforcement. The provisions of this Agreement are severable; if any provision is found to be unenforceable, the remaining provisions shall remain in full force and effect. If the scope of any provision in this Agreement is found to be too broad to permit its full enforcement, I consent to judicial modification of such provision and enforcement to the maximum extent permitted by law. If this agreement is determined to be unenforceable in its entirety, any prior signed agreement between me and Motorola, Inc. (or any of its affiliates) regarding any of the same subject matter shall still apply to me and may be enforced by Motorola Solutions.

Except as specified herein, this Agreement and Exhibit A attached to this Agreement contain the entire agreement between the parties with respect to the subject matter hereof and supersede any

previous understandings or agreements, whether written or oral, by or between the parties. No amendment to this Agreement, and no waiver of any one or more of the provisions of this Agreement, shall be effective unless set forth in writing and signed by the parties hereto.

7. UNDERSTAND AGREEMENT

I REPRESENT AND WARRANT THAT: (A) I HAVE READ AND UNDERSTAND THIS AGREEMENT; (B) I HAVE HAD THE OPPORTUNITY TO OBTAIN ADVICE FROM LEGAL COUNSEL OF MY CHOICE IN ORDER TO INTERPRET THIS AGREEMENT; (C) I HAVE BEEN GIVEN A COPY OF THIS AGREEMENT; AND (D) I UNDERSTAND THAT THIS AGREEMENT IS ATTACHED AND MADE A PART OF MY EMPLOYMENT AGREEMENT FOR ALL LEGAL PURPOSES AND CONSTITUTES PART OF THE TERMS AND CONDITIONS OF MY EMPLOYMENT.
