

CHI00**Creative Class Projector****Designed for the creative class.**

The BenQ CHI00 features an innovative LED light source that for the first time delivers brilliant Colorific images, in a portable and completely lamp free design. The light weight CHI00 is easy to setup and features instant on and off capability and great short throw performance, making it the ideal projector for busy professionals on the go. Convenience and ease of use are further optimized the LED light source which delivers 20,000 hours of reliable performance with no lamps to replace and no brightness or color decay.

**Exceptional Color Accuracy for Exceptional Work**

Color accuracy is critical to giving a good presentation and the CHI00 delivers. The projector is powered by Colorific Digital Light Processing (DLP) technology and beams 1.07 billion colors. A dedicated sRGB mode coupled with Full HD 1080P resolution and a high contrast ratio ensure your work looks truly exceptional

Reliability and Performance that Endures

When reliability matters just as much as performance, pick the CHI00. The projector is powered by an LED light source which delivers 20,000 hours of lamp free performance. Color and brightness won't decay and the instant on/off and hidden onboard usb dongle means you won't have to waste time setting up. All of this plus BenQ's outstanding warranty means the CHI00 has you covered for the long haul

A Great Projector for Work and Play

The CHI00 not only delivers exceptional performance in the workplace, but it's great for down time as well. When it comes to watching movies, The rec. 709 color performance ensures you'll see the colors just as the director intended while the built-in speakers make the projector an excellent companion for all your adventures.
