- A premium portable generator that combines quality engineering and components with advanced features.
- Engineered to maintain output under the most demanding conditions, each Snap-on® generator is built to specifications allowing it to run for 500 hours @ 50% load, **DOUBLE** the industry standard of 250 hours @ 50% load.
- Ideally suited for:
  - Construction
  - Residential
  - Emergency
  - Events
  - Recreational

**2X**  
**DOUBLE THE INDUSTRY STANDARD  
 FOR LIFECYCLE TESTING**

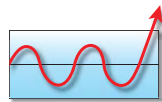

## Features for superior performance

**XT ENGINE**

### XT Engines

- XT engines are produced to exacting specifications, resulting in longer life and increased fuel efficiency.
- All XT engines are built to such high standards as to be able to **DOUBLE** the testing standards published by nationally recognized testing laboratories in terms of life cycle (durability) testing.

### Efficient Power Delivery

- Patented alternator technology results in superior power output and run time.

**Electric Start**  
 with Battery Included

### Standard Equipment

(on applicable models)

- Puncture proof tires do not need air and never go flat
- Electric start models supplied with 12V battery
- Analog hour meters always show usage
- All generators include fuel stabilizer, engine oil, funnel, and tool kit as standard equipment.
- Large full color quick start guide makes assembly and operation fast and convenient.

### Premium Features

(on applicable models)

- Voltage meters to show power output
- Fuel gauges clearly show current fuel level

### EPA & CARB Approvals

- Models are available with either EPA or CARB emissions approval to meet regulations in all 50 states

### Warranty and Service

- Extensive nationwide service center network
- Toll Free hotline with customer service representatives available 7 days a week
- 1 year parts and labor warranty
