Streetsboro Youth Sports Philosophy & Mission

The sports mission of the Streetsboro Parks & Recreation Department is to offer participants the opportunity to play in youth sports programs and provide a positive athletic experience by fulfilling needs for physical activity, social interaction, fun, and skill development. We are dedicated to the Player Rating System and making teams as BALANCED as possible. Our youth sports teams are formed using a random draft process based on age, grade and experience. A child moving up must have played at least one year in the league they wish to move up from. It never hurts to ask ... special requests, including roster placement and level advancement, will be taken into consideration, but are not guaranteed, since this would take away from the purpose of the drafting system. Thanks for your support.

Parent Volunteer Coaches Needed!

Streetsboro Parks & Recreation has multiple volunteer opportunities for community members. We are always in search of volunteer coaches, referees, and scorekeepers for youth sports. Volunteers assist us in providing a safe, healthy and positive environment for our youth sports and enrichment programs. We provide all of our volunteers with proper training, such as the NAYS Volunteer Coach and Officials Training Membership Programs. Opportunities are available for parents, students and community members throughout the year. Make a positive impact in the community, contact us today!

Residential Lock Box Program

What is a residential lock box program?

For a small fee, residents can purchase a small, over the door "LOK BOX®" for their home that is only accessible by the Police or Fire Department during an emergency. We've partnered with Roper Lock Box in Hudson, Ohio to keep costs minimal for this program that is geared towards residents with medical needs or physical limitations that could prevent them from unlocking their front door during an emergency.

Why would I want this?

During an emergency, if your doors are locked, precious time is wasted forcing doors open. Your door key is placed inside this box for use by the Police and Fire Departments, but only during an emergency.

Is it secure?

Only on-duty Police Officers and Fire Fighters/EMS will have access to the specialty key needed to access your lock box. The location of the box at your home is immediately available to emergency dispatchers who will securely relay the information to emergency responders.

Is this program available to anyone?

The residential lock box program is geared toward residents with medical issues, limited mobility, and other needs, however any Streetsboro resident may participate. These lock boxes can only be placed at residences within our response area and will not be accessible to another emergency agency outside of Streetsboro. The residential lock box is NOT available to businesses. Visit www.cityofstreetsboro.com, or contact the Fire Department at 330-626-4664.

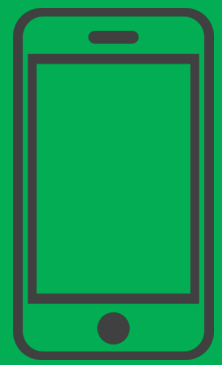

Streetsboro PD is currently using Nixle to keep citizens informed of situations in the city such as road closures, missing children and other situations. In order to sign up for Nixle, visit their website at www.Nixle.com. Or, text 44241 to 888777 and sign up for real time alerts from our police department.

Discover the future of personalized medicine. Two DNA tests could change your life.
Test #1 - Drug Effectiveness Test - called Pharmacogenetics, the FDA writes "it can play an important role in identifying responders and non responders to medications, avoiding adverse events, and optimizing drug dosages"
Test #2 - Hereditary Cancer Test - highly recommended by the American Association of Breast Care Surgeons.

Learn the answers to 3 important questions:
Are you getting the Right Drugs in the Right Dosages?
Are you at risk for Adverse Drug Reactions?
Are you at risk for Hereditary Cancer ?

Tests are non-invasive and covered by Medicare, TriCare, and most commercial insurances.
