Vehicle Health Data measures your Vehicle’s performance and identifies service or maintenance events. We may collect such information either in person (such as during a service appointment) or via remote access.
  - a) **Hybrid Vehicles.** For hybrid vehicles, Vehicle Health Data includes hybrid battery data correlated to vehicle latitude and longitude;
- iv. **Multimedia Screen Data** includes the coordinates of how you utilize the screens in order to understand the features, functions and screen transitions you use the most.

This data transmission is linked to your Vehicle’s identification number (“VIN”). To determine if your vehicle transmits this data, call Toyota at 1-800-331-4331.

In addition, you and your dealer will have access to your Vehicle’s last 12 monthly Vehicle Health Reports and your most current Vehicle Health Data.

## 12. DATA COLLECTION, USE, SHARING AND RETENTION TO ELECTRONICALLY LOCATE YOUR VEHICLE

Your System includes an electronic device that allows us to find your Vehicle under the following specific circumstances described in this Section.

The electronic device records your Location at the point of signal initiation and your voice and that of your Vehicle’s occupants if you speak with the Response Center from your Vehicle or any other source. Therefore, for yourself, your Vehicle’s occupants and anyone contacting us on your behalf, you consent to all such monitoring and recording.

**Destination Assist** provides you with live-operator assistance to find destinations. While either parked or driving, you may connect to a Response Center Agent to ask for help finding local points of interest. When you press the Destination Assist button on your in-vehicle navigation unit, your Vehicle will send an electronic signal to the Response Center which identifies your Location to the Response Center Agent who answers your call. The Response Center Agent can send your destination of choice wirelessly to your Vehicle's navigation system.

- e. **Remote Connect.** Please contact your dealer or the Toyota Customer Assistance Center to confirm whether your Vehicle has Entune Remote Connect services.

#### **Remote Connect Application Collection, Use, Transmission and Storage of Data.**

If your Vehicle is capable of Entune Remote, you must register for Entune Remote Services (the "Remote Services") by opting-in via your mobile device. Once you opt-in for the Remote Services, you may select the specific features you want to use, including but not limited to, remote door lock/unlock, remote engine start, Vehicle Finder and Guest Driver Monitor.

Once you've registered for the Remote Services and each time you turn your Vehicle off ("Ignition Off"), your Vehicle will automatically collect and transmit to Toyota specific information about your Vehicle, such as the Location, status of your powered doors, windows, trunk, hood, sunroof, hazard lights, odometer reading, oil life, trip A/B which can calculate fuel economy or measure the distance on each trip, and distance to empty. Toyota uses this information to deliver services to you. This same data is transmitted from Toyota to the Entune Remote Application for you to view when you remotely request "Real Time Status" of your Vehicle. Toyota will only store the Real Time Status and Location of your Vehicle from the last Ignition Off for the purpose of delivering your Vehicle's most recent information in support of the services.

Many local and state governments have adopted laws or ordinances that limit vehicle idling and impose penalties for noncompliance. When using the Remote Engine Start feature, you are responsible to understand and are legally obligated to

follow such idling laws. For example, if your local and state idling limit is less than the 10 minute idle time for the Remote Engine Start feature, use of this feature may result in your legal noncompliance for which you are solely responsible.

When you remotely request the Location of your Vehicle (utilizing the Vehicle Finder feature), Toyota will transmit to the Entune Remote Application a map pinpoint with address displaying the Location of your Vehicle from the last Ignition Off.

The Guest Driver Monitor feature will send information to Toyota and to the Entune Remote Application on your mobile device when a condition you set is exceeded. Examples of conditions you may set include, a defined speed limit, curfew, miles driven, travel range and ignition-on. Toyota only collects and stores Guest Driver Monitor data when a condition has been exceeded and Toyota transmits this data to you.

To learn more about the Entune Remote Application features, please go to [www.toyota.com/entune](http://www.toyota.com/entune) or download the Entune Remote Connect Application and view the demo mode.

- f. **Entune Dynamic Navigation.** Certain vehicles with embedded navigation and GPS have an Entune Dynamic Navigation application. Please contact your dealer or the Toyota Customer Assistance Center to confirm whether your Vehicle has Dynamic Navigation.

**Dynamic Routes & Maps.** Toyota provides instant over-the-air map improvements to your vehicle mapping system. Your Location is not used to provide this Service.

**Dynamic POIs.** If you search for a point-of-interest ("POI"), your Location is transmitted to and used by Toyota to provide improved search results.

**Dynamic Commute.** You may opt-in to Dynamic Commute in your Vehicle's multimedia system and Toyota will collect and use, but will not share, your Vehicle's current Location, location history, vehicle direction and speed to provide predictive routes and driving times and directions. After opting-in, you may delete the Dynamic Commute application, or temporarily turn off data collection in the Settings screen of the Dynamic Commute application in your Vehicle's multimedia system.

You agree that we do not have any liability for service interruptions of 24 hours or less.

YOU AGREE TO WAIVE TO THE FULLEST EXTENT ALLOWED BY LAW, ANY CLAIM FOR DAMAGES OTHER THAN DIRECT, COMPENSATORY DAMAGES AS LIMITED IN THIS AGREEMENT.

You agree that you have no contractual relationship whatsoever with our Underlying Wireless Carrier(s) and that you are not a third-party beneficiary of any agreement between us and our Underlying Wireless Carrier(s). In addition, you expressly agree that none of our Underlying Wireless Carrier(s) have any legal, equitable, or other liability of any kind to you. You waive any and all claims or demands for such liability.

Unless otherwise provided in this Agreement, you agree that your maximum liability to us under any theory (including but not limited to fraud, misrepresentation, breach of contract, personal injury, or products liability) is limited to any charges due and owing by you to us.

You agree that the limitations of liability and indemnities in this Agreement will survive even after the Agreement has ended. These limitations of liability apply not only to you, but to anyone using your Vehicle, to anyone making a claim on your behalf, and to any claims made by your family, employees, customers, or others arising out of or relating to your Services or System.

### **19. HOW WE'LL RESOLVE DISPUTES BETWEEN US**

If you and we have a disagreement related to Services, we'll try to resolve it by talking with each other. If we can't resolve it that way, WE BOTH AGREE, TO THE FULLEST EXTENT PERMITTED BY LAW, TO USE ARBITRATION, NOT LAWSUITS (except for small claims court cases as described below) TO RESOLVE THE DISPUTE. Of course, either of us can always contact a government agency or regulatory authority for help, too. Here's how private arbitration will work:

You agree that, apart from any claim you may bring in small claims court, the sole and exclusive forum and remedy for any and all disputes and claims that cannot be resolved informally and that relate in any way to or arise out of your use of the Services or relating to this Agreement or any prior agreement for service with us or any of our affiliates, predecessors in interest, or Third Party Service Providers or any product or service provided under or in connection with this Agreement or such a prior agreement, or any advertising for such products or services, shall be final and binding arbitration, except to the extent that you have in any manner infringed upon or violated or threatened to infringe upon or violate any patent, copyright, trademark, trade secret, privacy or publicity rights, in which case you acknowledge that there is no adequate remedy at law and that injunctive or other appropriate relief may be sought by us and/or an applicable third party either in court or from an arbitrator. You and we acknowledge that this Agreement affects interstate commerce and that the Federal Arbitration Act and other federal arbitration law apply to arbitrations under this Agreement (despite any other choice of law provision). To the extent that the Federal Arbitration Act and federal arbitration law do not supply substantive law necessary for the resolution of any disputes or claims, the laws of the State of Texas shall apply, except that Texas laws concerning choice of law or conflicts shall not apply if they would cause the substantive law of another jurisdiction to apply. To the extent that the parties litigate any part of any dispute or claim in court, including, without limitation, obtaining provisional remedies in aid of arbitration, confirmation of an award, and judgment enforcement, the laws of the State of Texas shall apply, except that Texas laws concerning choice of law or conflict of laws shall not apply if they would cause the substantive law of another jurisdiction to apply.

For claims of \$10,000 or less, arbitration will be conducted by the American Arbitration Association ("AAA") in accordance with AAA's Consumer Arbitration Rules. We will waive our right to arbitrate any individual (as opposed to class) claim you bring or maintain in small claims court for so long as the matter remains an individual claim and remains in small claims court.

You can get rules and fee information from the AAA ([www.adr.org](http://www.adr.org)). You expressly waive the right to request or maintain any class arbitrations even if AAA procedures or rules would permit them (this is referred to below as the "Class Action Waiver"). In exchange for this, we'll pay (if you ask us in advance) for any filing fee charged you by AAA for one arbitration of any disputes between us, so long as you tried in good faith to resolve the disputes with us before filing for arbitration. If the arbitration proceeds past the filing, we'll also pay (if you ask us at the time) any further administrative and arbitrator fees you are later charged. An arbitrator can decide later whether to allocate the fees differently if there's an award. The arbitrator may award you any fees and charges that are necessary to ensure the enforceability of this arbitration provision.

There's no judge or jury in arbitration, and review is limited, but an arbitrator can award the same damages and relief, and must honor the same limitations in this Agreement as a court would. You and we agree to pay our own fees, costs, and expenses, including those for any attorneys, experts, and witnesses. You agree that any claim for or award of attorneys' fees, including any such claim or award pursuant to Chapter 38 of the Texas Civil Practice and Remedies Code, is waived.

Any arbitration award made after completion of an arbitration is final and binding and may be confirmed in any court of competent jurisdiction, except that in the event the arbitrator's award for a party is \$0 or against a party is in excess of \$100,000, or includes an award of injunctive relief against a party, that party may request a new arbitration to be conducted by the selected arbitration organization by a three-arbitrator panel. An award and any judgment confirming it only applies to the arbitration in which it was awarded and can't be used in any other case except to enforce the award itself.

If a court or arbitrator determines that any part of this arbitration agreement other than the Class Action Waiver is not enforceable, the rest of this arbitration agreement shall be enforceable.

If for some reason these arbitration requirements don't apply, or a claim proceeds in small claims court, each of you and we waive to the fullest extent permitted by law any trial by jury. In no event shall any claim, action or proceeding by you related in any way to the Services, this Agreement, or any prior agreement, as described above, be instituted more than two (2) years after the claim or cause of action arose. This Agreement to arbitrate survives the end of the contractual relationship between us.
