

DATA SHEET

LOGITECH ROOMMATE

With computing power and video conferencing software together in a dedicated appliance, RoomMate makes it easy to deploy Zoom Rooms Appliances, Microsoft Teams Rooms on Android, and others with Logitech USB conferencecams like Rally and MeetUp.

COMPUTING APPLIANCE PURPOSE-BUILT FOR VIDEO COLLABORATION

Bring the simplicity of video conferencing appliances to any meeting room with Logitech RoomMate. As a purpose-built appliance, RoomMate unites computing power and video conferencing software in a compact form factor. By connecting RoomMate to USB conferencecams like Logitech Rally Plus and up to two HD displays, IT can deploy Zoom Rooms Appliances, Microsoft Teams Rooms on Android, and other supported solutions in large to extra-large rooms. RoomMate is also compatible with Logitech MeetUp for small rooms.

RoomMate simplifies deployment without the need for a dedicated meeting room PC or Mac, and supports central monitoring and management through popular dashboards like Zoom Device Manager, Microsoft Teams Admin Center, and Logitech Sync.

LOGITECH ROOMMATE

POWER, WITH CONNECTIONS

In a sleek, low-profile form factor, Logitech RoomMate delivers all the power you need for HD video conferencing in rooms with one or two displays.

APPLIANCES GO LARGE

In your small and medium rooms, the all-in-one Rally Bar Mini and Rally Bar appliances offer exceptionally easy setup and management. Now, you can bring that same convenience to your large meeting rooms by deploying RoomMate together with Rally Plus, Logitech's premium modular conference camera system for rooms with up to 46 seats.
