the guarantee brochure.

All the products (shown here) may not be available at the store. Please contact the staff or look at [IKEA.sg](https://www.ikea.sg) for more information. For more detailed product information, see the pricetag and the Internet. All units require assembly.

# How to build

VALLENTUNA sofa series consists of free-standing modules that can be combined into any shape or size. This flexibility makes it easy to tailor a sofa for your own needs, home and lifestyle – and change it whenever you want. You can add functions like storage or beds, and choose covers to suit your style. The

possibilities of creating a unique and personal combination are endless. One tip is to use our planning tool to explore possibilities. You can find the tool at an IKEA store and at [IKEA.sg](https://www.ikea.sg).

# Combinations

On the following pages you can see some examples of how VALLENTUNA modular sofa can look, but you can create your very own sofa to suit you.

For more colours, sizes and possible combinations have a look at page 6 to see all parts.

# Good to know

### Our fabrics have been tested

At IKEA we test the fabric covers on our sofas and armchairs so you can be sure they're durable. The fabric's ability to resist abrasion is tested by using a machine to rub it against another fabric while applying firm pressure. A fabric that can take 15,000 cycles is suitable for furniture that must withstand everyday life at home – and if it can take more than 30,000 cycles, it is very resistant to abrasion. All fabrics are sensitive to sunlight, which is why we also check that our fabrics resist fading effectively.

### Durable in different ways

Tough tests are an important way to check the durability of our fabric covers, but they don't tell the whole story. Durability also depends on materials, construction and manner of use. Heavy, tightly woven fabrics with a flat surface are most resistant to abrasion. Fabrics with a mixture of natural and synthetic fibres can withstand abrasion better than fabrics with only natural fibers. Yarn-dyed fabrics are more durable than fabrics with printed patterns. And a dirty cover wears out faster than a clean one. The fabric is also affected by how you use your sofa of course.

	Washing instructions	Resistance to abrasion (cycles)	Light-fastness (1-8)
Hillared: 55% cotton, 25% polyester, 12% viscose/rayon, 8% linen. Structured surface created by irregular yarns and material blends. Yarn dyed in tonal shades with a natural and stable hand feel.	Machine washable at 40°C.	30,000	5
Kelinge: 100 % polyester (100% recycled). Soft corduroy surface with a slight lustre. The thickness of the corduroy gives a comfortable feeling.	Machine washable at 40°C.	50,000	5

### Coated fabric

Coated fabric is a fabric material with a coating, which can be embossed to look like leather. It's a strong and durable material and very easy to care for – just vacuum the surface using the soft brush attachment on your vacuum cleaner and wipe with a damp cloth.

All our different coated fabrics have been treated to protect them and make them easy for you to look after. All have also been tested and approved for tear strength, flexibility and colour fastness, so you can be sure you will enjoy your new sofa for many years to come.

	Care instructions	Resistance to abrasion (cycles)	Light-fastness (1-8)
Murum: 100% polyester base, 100% polyurethane surface. A fixed coated fabric cover with a characteristic surface depth, matte and with a stable hand feel.	Vacuum clean. Light stains can be removed with a sponge dampened in water or a mild soapy solution.	50,000	5
