FAQ

- Q: Why these earbuds can not pair with my mobile phones?
A: 1. Please make sure the earbuds are full charged and power on.
2. Please make sure the bluetooth of your phone is turned on.
3. If above 2 points have no problem, please put earbuds into the case again and close the case, hold on for 1min, then open the charging case and reconnect earbuds with your phone.
- Q: Why does the music cut in or cut out?
A: First, please do not let the distance between these earbuds and your phone more than 33 feet (without obstacle). If the distance is less than 33 feet, please note 2 tips as below:
1. Please make sure there is no obstacle between the earbuds and your device.
2. Please make sure there is no Microwave oven/Wifi transmitter around you, which are more likely to produce electromagnetic interference and result in signal interruption.
- Q: Why does the earbuds can not be charged and not disconnected with my phone even earbuds are put into case and I have closed the case?
A: Please make sure the charging case are not in low battery, earbuds can not be charged and not disconnected even though they are in case. So, please use the type-c cable to charge the case fully.
- Q: How to contact VEATOOL Customer service?
A: VEATOOL offers a one-year replacement warranty if there is an issue with your VEATOOL E3, please don't hesitate to contact us, we will reply within 24 hours and resolve it 100%.
