

Family Locator (operated by Navigacijos, MB): Parental Consent Form

Children under the age of 13 are not able to use the Family Locator application without express written permission of a parent or legal guardian.

A parent or guardian must submit this form in order to add a child under 13 to your Family Account. Once you have granted consent for the child to use the Service, Family Locator will collect information such as name, email address, mobile phone number, device ID, and motion sensor and location data including GPS, WiFi and mobile location. Family Locator will disclose this information to other members of the Family Account that have permission to access this information, and the child will be able to send and receive messages to and from other members of the Family Circle. Access to the Family Account is invite-only. Family Locator may also share personal information, including location data, collected from a child under 13 with our third party service providers or partners, as described in our Privacy Policy (<https://www.gpswox.com/en/falimy-locator/privacy-policy-android>). However, we will not use or share personal information associated with any account registered by a parent for a child under 13 with third party partners for advertising purposes. Parent or guardian consent is required for the collection, use or disclosure of information from children under the age of 13. Family Locator will not collect this information without consent.

Please fill the form below, complete it and return by email to the address below.
