Instruction Manual

INTRODUCTION

Thank you for purchasing **Hope the Healing Husky™**. Translate Hope's barks through her Magic Stethoscope! Hold it to her chest to understand what she needs you to do! Hope talks, moves and makes different sounds to show you if she's hungry, has a cold, has hurt her leg or feels itchy. Use her accessories to make sure she gets what she needs.

INCLUDED IN THE PACKAGE

- Hope the Healing Husky
- 1 magic stethoscope
- 1 bandage
- 1 thermometer
- 1 bone treat
- 1 syringe
- 1 recovery collar
- 1 storage bag
- 1 Quick Start Guide

WARNING

All packing materials such as tape, plastic sheets, packaging locks, removable tags, cable ties, cords and packaging screws are not part of this toy, and should be discarded for your child's safety.

NOTE

Please save this manual as it contains important information.

ATTENTION

Pour la sécurité de votre enfant, débarrassez-vous de tous les produits d'emballage tels que rubans adhésifs, feuilles de plastique, attaches, étiquettes, cordons et vis d'emballage. Ils ne font pas partie du jouet.

NOTE

Il est conseillé de conserver ce guide car il comporte des informations importantes.

How to Exit Try-Me Mode

When you play with **Hope the Healing Husky™** for the first time, slide the switch from the **||)** position to the **||** position and wait for a few seconds to exit Try-Me mode. You will hear three beeps when you have exited Try-Me mode. You can then press any button to activate the unit and start playing.

GETTING STARTED

Battery Removal and Installation

1. Make sure the unit is turned **Off**.
2. Find the battery cover located on the back of the unit, use a screwdriver to loosen the screw and then open the battery cover.
3. Remove old batteries by pulling up on one end of each battery.
4. Install 4 new AA (LR6/AM-3) batteries following the diagram inside the battery box.
5. Replace the battery cover and tighten the screw to secure.

WARNING:

Adult assembly required for battery installation.
Keep batteries out of reach of children.

ATTENTION :

Les piles ou accumulateurs doivent être installés par un adulte.
Tenir les piles ou accumulateurs hors de portée des enfants.

IMPORTANT: BATTERY INFORMATION

- Insert batteries with the correct polarity (+ and -).
- Do not mix old and new batteries.
- Do not mix alkaline, standard (carbon-zinc) or rechargeable batteries.
- Only batteries of the same or equivalent type as recommended are to be used.
- Do not short-circuit the supply terminals.
- Remove batteries during long periods of non-use.
- Remove exhausted batteries from the toy.
- Dispose of batteries safely. Do not dispose of batteries in fire.

RECHARGEABLE BATTERIES

- Remove rechargeable batteries from the toy before charging.
- Rechargeable batteries are only to be charged under adult supervision.
- Do not charge non-rechargeable batteries.

PRODUCT FEATURES

1. Off/Low/High Volume Switch

Locate this switch on the bottom of the unit.

To turn the unit **On**, slide the **Off/Low/High Volume Switch** to the **Low Volume** **||** or **High Volume** **|||** position. To turn the unit **Off**, slide the **Off/Low/High Volume Switch** to the **Off** **•** position.

2. Motion

Hope will move her head, wiggle her ears, blink her eyes, sit up and lay down.

NOTE: Do not turn Hope's head manually and do not force Hope to lie down or sit up manually, otherwise the unit may get damaged.

3. Magic Stethoscope

The **Magic Stethoscope** will translate Hope's cute sounds into words. At anytime, you can hold the **Magic Stethoscope** against Hope's chest to hear her speak.

4. Forehead Button

Touch Hope's forehead to hear cute puppy responses or a sing-along song.

5. Back Button

Press Hope's **Back Button** to scratch her back or hear cute sounds and barks.

6. Ear Button

Use the **Thermometer** to take Hope's temperature from her left ear and hear cute responses.

7. Heart-Shaped Button

Use the **Syringe** to give Hope an injection on the **Heart-Shaped Button** on her back.

8. Bone Treat

Feed Hope by pressing the **Bone Treat** to her **Mouth Button**.

9. Bandage

If Hope hurts her left leg, place a **Bandage** on it to trigger her **Leg Button**.

10. Recovery Collar

Put the **Recovery Collar** on Hope's neck to protect her when she is ill.

11. Storage Bag

Use the **Storage Bag** to store all of Hope's small accessories.

12. Automatic Shut-Off

To preserve battery life, **Hope the Healing Husky™** will automatically power down after several minutes without input. The unit can be turned on again by switching between the **Low Volume** and **High Volume** levels, or by pressing any button.

NOTE: **Hope the Healing Husky's** chest will flash several times and power down when the unit's battery level is low. If the unit powers down while playing, we suggest installing a new set of batteries.

ACTIVITIES

Hope the Healing Husky™ reacts to different situations. When she is inactive or you play with her for a while, she will enter one of these situations. Sometimes she is happy and wants to play with you; sometimes she will get ill, sleepy or hungry and want you to take care of her. When in a specific situation, you can press any button to play with her. Once you've helped out Hope, she'll return to her standard mode. Please note you may need to trigger the multiple times before she returns to her standard mode.

At anytime, you can place the **Magic Stethoscope** on Hope's chest to hear her talk.

1. Happy

Press Hope's **Forehead Button** to hear her sing a song.

2. Silly

a. Peek-a-Boo

Press Hope's **Forehead Button** to play peek-a-boo and hear her sing a song.

b. Tickle

Press one of Hope's other buttons to try to tickle her and hear her cute responses.

3. Eager for Attention

Press any button to play with her.

4. Getting a Cold

If Hope sneezes or says she has a cold, use the **Syringe** to give her an injection on the **Heart-Shaped Button**. Once finished, Hope will feel better.

5. Has a Fever

If Hope says she has a fever, use the **Thermometer** to take her temperature in her ear and then use the **Syringe** to give her an injection on the **Heart-Shaped Button**.

6. Leg is Hurt

If Hope's left leg gets hurt. Hope will feel better if you put the **Bandage** on her left leg.

7. Itchy (Ear or Back)

Hope's back or ear is itchy. You have to figure out which it is! Press her **Ear Button** or **Back Button** to help her feel better.

8. Sleepy

Press Hope's **Forehead Button** or **Back Button** to help her sleep.

9. Hungry

It's food time! Hope's tummy is rumbling. Feed her the **Bone Treat** by pressing it to her **Mouth Button**.

SONG LYRICS

Song 1

Hello, my name is Hope.
I'm a sweet and cuddly pup.
Oh Oh!
I love to bark and play.
You are my best friend to-day!

Song 2

I was feeling a little under the weather,
Thanks for making me feel better!
You are very clever,
Now, let's go to play together.

Song 3

I feel sleepy,
It's time for bed.
Snuggle up and sleep all night,
Counting sheep till morning bright.

CARE & MAINTENANCE

1. Keep the unit clean by wiping it with a slightly damp cloth.
2. Keep the unit out of direct sunlight and away from any direct heat sources.
3. Remove the batteries if the unit will not be in use for an extended period of time.
4. Do not drop the unit on hard surfaces and do not expose the unit to moisture or water

TROUBLESHOOTING

If for some reason the unit stops working or malfunctions, please follow these steps:

1. Turn the unit **Off**.
2. Interrupt the power supply by removing the batteries.
3. Let the unit stand for a few minutes, then replace the batteries.
4. Turn the unit **On**. The unit should now be ready to use again.
5. If the unit still does not work, install a new set of batteries.

IMPORTANT NOTE:

If the problem persists, please call our **Consumer Services Department** at **1-800-521-2010** in the U.S., **1-877-352-8697** in Canada, or by going to our website **vtechkids.com** and filling out our **Contact Us** form located under the **Customer Support** link. Creating and developing VTech products is accompanied by a responsibility that we take very seriously. We make every effort to ensure the accuracy of the information, which forms the value of our products. However, errors sometimes can occur. It is important for you to know that we stand behind our products and encourage you to contact us with any problems and/or suggestions you might have. A service representative will be happy to help you.

Note

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
