

Cardinal Health™ Medical Benefit Billing

An integrated medical billing platform

Cardinal Health™ Medical Benefit Billing enables you to bill, track and reconcile your medical benefit claims in real-time. It is also integrated with the Central Pay and Reconciliation portal providing you with a consolidated view of your pharmacy and medical benefit claims.

Features include:

- Flexibility to bill through your pharmacy management system or directly through the online portal
- Access to eCare platform from Central Pay
- Real-time claim verification with the Centers for Medicare and Medicaid Services (CMS), which includes:
 - Patient coverage
 - Patient deductible balances
- Ability to reconcile your pharmacy and medical claims in one platform
- Integration with current Central Pay and Reconciliation portal
 - Existing "Daily Dash" features included
 - Single sign-on with Order Express
- Ability to bill for commercial medical plans and diabetic consultations
- Dedicated billing support
- Advanced functionality:
 - Automated rental billings
 - Automated billing of secondary claims

Benefits include:

- Gain visibility into all of your applicable medical claims, including any missing secondary claims
- PTAN/CLIA/NPI support
- Able to create and submit eCare plans to CPESN
- Access to COVID-19 testing training resources
- Simplify your medical back office with an integrated reconciliation solution
- Save time from manual medical billing processes with:
 - Automated rental and secondary claim billing
 - A dedicated billing support team
 - No need to manually submit claims that keep your pharmacist from helping patients

A pharmacy does not have to be accredited to bill for Medicare Part B immunizations (flu and pneumococcal), nebulizer solutions or oral cancer drugs. We can guide you through the process to begin billing without accreditation.

"Last year, I only billed 1% of my customer deductibles. With Cardinal Health Benefit Billing, I was able to bill all of my patients their deductible this year. This is additional revenue for my pharmacy."

— Rhonda Yarzab

Medicine Shoppe #0295, Greenville, PA
