2005  
your family guide to fun  
2006

## family fun!

At F.G.Bradley's our goal is to bring you traditional style fun that provides a catalyst for families and friends to interact and play together! In this turbulent, fast paced age "family time", away from computers and television is more important than ever. We have searched the world for truly unique, quality products that will help you spend time together.

Visit one of F.G.Bradley's Greater Toronto Area locations and experience our knowledgeable Sale Associates and uncompromising service standards. We are committed to you being thoroughly delighted every time you come to visit.

## The Canada Billiard Story

Canada Billiard has a 30 year tradition of manufacturing better billiard products. Their reputation has been built on crafting fine billiard furniture that is second to none. Each solid wood table is preassembled by master craftsmen in their state of the art manufacturing facility in Laval, Quebec to assure a perfect fit. Pieces are fitted and numbered just like in the good old days. These tables aren't held together with staples and wood screws. Machine bolts and dowels are used for precise and solid assembly. All tables utilize a built in leveling system and rails are fastened using nut plates, threaded rods and lock washers to ensure that the rails are fastened securely to the slate. This ultimate link between rail and slate minimizes vibrations and guarantees quiet, lively bounce back and playability. Professional "Masterspeed" rubber cushions provide true rebound and maximum accuracy. All tables conform to B.C.A. (Billiard Congress of America) specifications and come with a Lifetime Warranty.
