

Clear and Simple  
Quick Start Guide

SAMSUNG  
Galaxy Halo

Getting to know your  
Galaxy Halo

Unlocking your phone

- 1. Press the Power/Lock key on the side of the phone.
- 2. Swipe the screen.

Phone setup

Inserting the battery and SIM card

- 1. Remove back cover using the groove behind the volume key on the device.
- 2. Insert SIM with gold-colored contacts facing down.
- 3. Insert microSD™ card (not included) with gold-colored contacts facing down.
- 4. Insert battery making sure the gold contacts align.
- 5. Replace back cover and charge your phone.

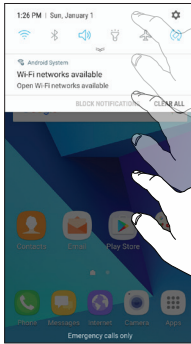

Touch screen

Navigating your phone

- Use your fingertip to lightly touch the screen.
- Use quick flicks of your finger on the touchscreen to swipe up, down, left, and right.
- To return to the previous screen, tap the **Back** key.
- Press the **Home** key at any time to return to the main home screen.
  - Press and hold the **Home** key to open **Google Now**.
- Tap **Apps** to access applications on your phone.
- Tap the **Recent** key to view recent apps

Notifications panel

- The Notifications panel provides quick access to alerts including new messages, emails and software updates.
- Touch the Notifications bar and drag your finger down to see the Notifications panel. Drag your finger down a second time to reveal additional options.
  - Swipe right to clear individual notifications or tap **CLEAR ALL** to clear all.

Personalize

- 1. Tap and hold a blank space on one of the home screens and choose:
  - **Wallpapers and themes** allows you to assign wallpapers and themes for the Home screen, and Lock screen.
  - **Widgets** allows you to quickly access the Widget tab where you can drag and drop a widget on a selected screen.
  - **Screen grid** allows you to change the number of icons that can be placed on a Home screen.
- 2. Tap the option you desire and follow the instructions.

Organizing home screens

- To move a widget, shortcut, or folder, tap and hold and drag it to a new location. To delete it, tap and hold and drag it to the trash bin.
- To add a home screen, place two fingers on the screen and pinch them together to enable edit mode.

Swipe left and tap **+** to add a screen. To remove, tap and hold screen thumbnail and drag it to the trash bin.

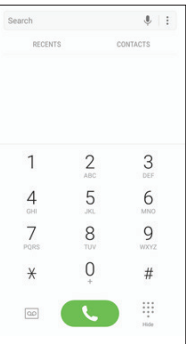

Creating a folder

- You can create a folder on a home screen, simply touch and drag one app on top of another app and tap **Enter folder name** to add a name. Tap **Add** on the keyboard. Tap the **Home** key to complete the folder setup.

Calls and voicemail

Make a call

- 1. From the home screen, tap **Phone**.
- 2. Select an option to place a call:
  - **Keypad:** Manually enter telephone number.
  - **Recents:** Return or retry a previous call.
  - **Contacts:** Call from your address book.

Note: Tap the icon to hide the keypad. Tap the icon to show the keypad.

Call waiting

To answer a new call while you have a call in progress:

- 1. Touch and slide in any direction.
  - Tap **Swap** to switch between the two calls.
  - Tap **Merge** to merge the calls.

Check voicemail

- 1. From the home screen, tap **Phone**.
- 2. Tap **Voicemail**.
